

Description

The *orphans* property is used to set the minimum number of lines in an element that must appear at the bottom of a page.

Possible Values

- **integer** – The number given sets the minimum number of lines permitted at the bottom of a page.

Applies to

All the block-level elements.

DOM Syntax

```
object.style.orphans = "10"
```

Example

Here is the example –

```
<html>
  <head>
    <style type="text/css">
      p {orphans: 3;}
      h1 {orphans: 5;}
    </style>
  </head>
  <body>
    <p>Tutorialspoint.com</p>
    <h1>Tutorialspoint.com</h1>
  </body>
</html>
```

It will produce the following result –
