Oracle and NetSuite both offer software applications that help companies automate back end and administrative operations from technology to human resources. Oracle has also acquired companies such as Textura and Opower to increase its competitiveness in the cloud market.

2. MobiKwik to power e-cash payments on 'Food on Track' app

Mobile payments company MobiKwik and Indian Railway Catering and Tourism Corporation (IRCTC) have announced an exclusive partnership to power e-cash payments on IRCTC's e-catering app, Food on Track.

The app allows passengers to book and get food from their preferred restaurants, delivered right at their train coaches. MobiKwik is also powering payments for IRCTC Connect, which allows users to book train tickets instantly. Passengers can pre-order food at over 300+ stations from prominent food chains such as Dominos, Punjab Grill, KFC, IRCTC Food Plaza and others.

3. NTPC commissions 50 MW NP Kunta Ultra Mega Solar Power Project Stage-I

NTPC Ltd has commissioned 50 MW (1X50 MW) capacity of NP Kunta Ultra Mega Solar Photovoltaic Power Project Stage-I at Anantapuramu on 29 July, 2016.

With this the installed capacity of NP Kunta Ultra Mega Solar Power Project Stage-I at Anantapuramu has become 250 MW and that of NTPC Group has become 47,228 MW. The company has set a target of adding 11,900 MW capacity during the current Plan period ending in 2016-17. NTPC aims to build generation capacity of 128 GW by 2032 with a lot more emphasis on renewable energy.

4. Freecharge enters into partnership with PayUbiz

Freecharge has entered into a partnership with the leading payment gateway solution provider, PayUbiz, to further strengthen its merchant base and help consumers move from cash to digital payments. This integration allows Freecharge to tap PayUbiz's more than 10,000 online merchants.

Freecharge will also be able to acquire new customers and gain wider acceptance across categories as a payment option. The Freecharge wallet is currently accepted at over 1,00,000 merchants in India.

5. Country's infrastructure sector grows 5.2% in June

The country's infrastructure sector grew 5.2 per cent in June 2016-the fastest in two months-on the back of double-digit growth in the coal and cement sectors. The eight infrastructure sectors had expanded 3.1% in June last year, and 2.8% in May this year.

According to official data released, coal production surged 12% in June 2016, cement production increased 10.3%, fertilizer production rose 9.8%, and petroleum refinery production expanded 3.5% during the month. Electricity generation grew 8.1%, and steel output rose 2.4% in June. But natural gas output declined 4.5% and crude oil production fell 4.3% in June.

6. Manufacturing sector grows at its fastest pace in four months

Manufacturing sector grew at its fastest pace in four months in July on surge in new orders. The Nikkei Markit India Manufacturing Purchasing Managers' Index (PMI) - a composite indicator of manufacturing performance - rose to 51.8 in July from 51.7 in June. A reading above 50 points denotes expansion.

Supported by greater demand from both domestic and external markets, new business orders rose at the fastest pace since March. The depreciation of rupee also supported Indian exporters as survey data pointed to the quickest rise in new business from abroad since January.

7. FDI in Aviation Sector

The Government has allowed 100% Foreign Direct Investment (FDI) under automatic route in Brownfield Airport projects. This move would serve in further developing the domestic aviation infrastructure. Further, FDI limit for Scheduled Air Transport Service, Domestic Scheduled Passenger Airline and regional Air Transport Service has been raised from 49% to 100%, with FDI up to 49% permitted under automatic route and FDI beyond 49% through Government approval.

For NRI's, 100% FDI will continue to be allowed under automatic route. However, foreign airlines would continue to be allowed in scheduled and non-scheduled air transport services up to 49% of their paid up capital.

8. Disinvestment target during Financial Year 2015-16

The budget estimate (BE) for disinvestment during the financial year 2015-16 was Rs. 69,500 crores comprising Rs. 41,000 crores from disinvestment of Central Public Sector Enterprises (CPSEs) and Rs. 28,500 crores from strategic disinvestment. Against this target, Government has realized Rs.23,997crore (approx) from disinvestment of CPSEs during the year 2015-16.

The budget estimate (BE) for disinvestment during the financial year 2016-17 is Rs. 56,500 crores, comprising Rs. 36,000 crores as disinvestment receipts from CPSEs and Rs. 20,500 crores from strategic disinvestment.

9. Union Government plans to roll out GST from 1st April, 2017

The Union Government is planning to roll-out the goods and services tax (GST) by 1st April, 2017. The government has to get the Bill ratified by at least 16 States in the next one month, then set up a GST council and table the central GST and integrated GST laws in the winter session.

The Finance Ministry is eyeing the Winter Session of Parliament to see through all three pieces of legislation connected with the Goods and Services Tax (GST) – Central GST, State GST, and Inter-State GST.

10. Union Government fixes an inflation target of 4% for five years

The Union Government has notified a consumer inflation target of 4% with a range of plus/minus 2 % for the next five years under the monetary policy framework agreement with the Reserve Bank of India. The government will soon set-up Monetary Policy Committee (MPC) to adhere to the target till March 31, 2021.

Several central banks across the globe have adopted the practice of inflation targeting to contain prices using interest rates. They generally target the consumer price inflation.

11. India to impose anti-dumping duty on imports of certain cold-rolled steel products

India will impose anti-dumping duty on imports of certain cold-rolled steel products from four countries - China, Japan, Korea and Ukraine. The DGAD has also recommended anti-dumping duties on hot-rolled flat products from six countries including China, Japan and Korea.

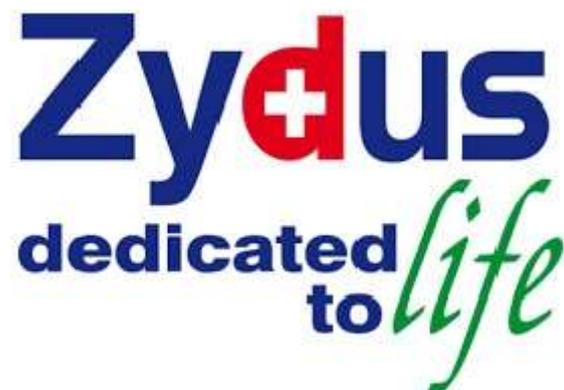

Directorate General of Anti-Dumping and Allied Duties (DGAD), under the Commerce Ministry, in its preliminary findings, has found that 'cold-rolled flat products of alloy or non-alloy steel' has been exported to India from these countries at below-normal value.

12. Zydus acquires derma brand Melgain from Issar Pharma

Zydus Group has acquired Melgain brand from Issar Pharma, a Hyderabad based company, for an undisclosed amount to strengthen its dermatological portfolio. The brand would be marketed in India by Liva Healthcare, a specialty division of the group catering to the dermatological segment

The dermatology market, valued at Rs 6,000 crore, is currently growing at about 14%. Melgain is used for the treatment of Vitiligo, a chronic skin condition characterised by portions of the skin losing their pigment.

13. Vodafone signs multi-million-dollar IT deal with IBM for 5 years

Vodafone India Ltd renewed a multi-million-dollar agreement with International Business Machines Corp. (IBM) for another five years to manage information technology (IT) services support for its infrastructure and applications. IBM will support Vodafone India's IT environment transition into IBM hybrid cloud.

This agreement builds on the existing eight-year relationship between the two organisations. The companies did not disclose the financial terms of the deal. However, research firm Greyhound Research put the value in the range of \$750-\$850 million and expected to cross \$1 billion by 2023.

14. Apple Buys a Machine-Learning Startup for a Reported \$200 Million

Apple has bought a machine-learning startup called Turi for an undisclosed amount. However, technology news website GeekWire pegged the purchase price at \$200 million.

Turi specialises in enabling developers to imbue software applications with artificial intelligence, so the apps learn to think more the way people do. Apple has been stepping up its artificial intelligence efforts to compete against rival services from Amazon, Google and Microsoft. Apple last year bought another AI-related company called Perceptio and a British firm called VocalIQ.

15. HDFC Life to Merge Max Life

The board of HDFC approved the merger of Max Life and Max Financial Services with its insurance arm HDFC Standard Life Insurance Company in an all-stock deal to create India's top private life insurer valued at nearly \$10 billion (around Rs 65,000 crore).

The total premium of the merged entity is expected to be nearly Rs 26,000 crore and assets under management will top Rs 1 lakh crore. The companies expect the merger to be completed within 12 months.

16. State-run MSTC joins hands with Mahindra INTERTRADE

State-run MSTC has entered into a partnership with Mahindra Intertrade, a part of Mahindra Group, to set-up country's first integrated auto recycling facility. The facility will have the first-of-its-kind Greenfield auto shredding and recycling capability to dispose of end of live vehicles.

Currently, the partners have shortlisted Gujarat and Maharashtra as plausible locations for the first integrated facility. The government's vehicle scrap policy will be implemented from April 2017.

17. Job portal Monster acquired for USD 429 million by Randstad Holdings

Popular job portal, Monster Worldwide, will be acquired by Randstad Holding for a total purchase price of around \$429 million in cash. Randstad Holding is an Amsterdam-based human resource services provider.

Randstad is bidding \$3.40 in cash per Monster share, a 23% premium to Monster's closing price on 8th of August. The bid follows Randstad's \$100 million purchase of US startup RiseSmart in the US in September 2015.

Randstad was advised on the deal by Wells Fargo and Jones Day acted as legal adviser.

18. Banned Ponzi schemes not under regulatory purview of SEBI

The Securities and Exchange Board of India (SEBI) denied any regulatory purview over ponzi schemes and clarified that only the state governments concerned can control them. The ponzi schemes are banned under Chit Fund and Money Circulation (Banning) Act 1978.

This announcement was made after the apex court had asked government and SEBI about measures undertaken by them to check the menace of ponzi schemes while hearing a PIL filed by NGO 'Humanity Salt Lake' alleging inaction on the part of the government in regulating chit funds (Ponzi schemes) which has resulted in multiple scams across country.

19. Direct tax collection goes up by 24 % during April to July

Direct tax collection has gone up by 24 per cent to 1.59 lakh crore rupees during the April to July period of the current financial year. Finance Ministry in a release said, the collection up to July indicates that 18.82 per cent of the Annual Budget target of direct taxes has been achieved in the first four months of the current fiscal.

Personal income tax collection grew 31.4 per cent while corporate taxes registered an increase of 11.65 per cent.

20. Centre Allocated Rs. 675.86 crore for Agricultural Marketing Infrastructure in 2015-16

About 37371 Godown Projects Sanctioned for Renovation/ Construction under Agricultural Marketing Infrastructure (AMI) Scheme up to 30th June 2016. The Government is implementing capital investment subsidy sub-scheme "Agricultural Marketing Infrastructure (AMI)" of Integrated Scheme for Agricultural Marketing (ISAM) scheme.

Under this scheme, capital investment subsidy @ 25% of the capital cost for general category beneficiary and @33.33% for special category beneficiary is provided for construction/creation of scientific godowns and other marketing infrastructure in the country.

However, the assistance for renovation is restricted to storage infrastructure projects of cooperatives only.

21. Indirect tax collections up 30% to Rs 2.71 lakh crores till July 2016

The Centre's revenue collection has shown an impressive growth in April-July period of this fiscal, with total direct and indirect tax rising to Rs 4.3 lakh crore. Indirect Tax collections rose by 29.9 per cent during the first four months of the current fiscal to about Rs 2.71 lakh crore. Direct tax revenue rose nearly 24.01 per cent to Rs 1.59 lakh crore in April-July.

The government hopes to collect 8.47 lakh crore from Direct Taxes and Rs 7.79 lakh crore from Indirect Taxes, which includes customs, excise and service tax, in current financial year. Personal income tax collection grew 31.47 per cent while corporate taxes registered an increase of 11.65 per cent.

22. IKEA lays foundation for its first store in India at Hyderabad

Swedish furniture major IKEA has begun work on its first retail store in India at Hyderabad. The store will be developed with an investment of about Rs 700 crore with a built-up space of about 4 lakh sq. ft. The first store is expected to be ready by mid-2017.

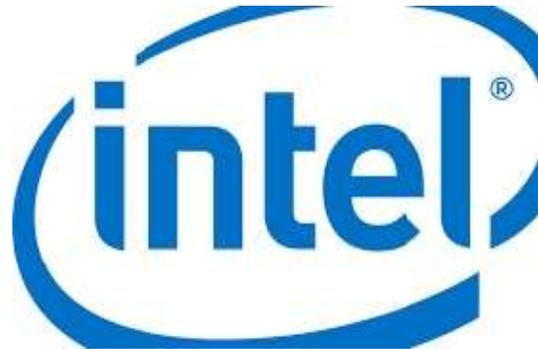

IKEA aims to set up 25 stores by 2025. The company had earlier indicated at an investment outlay of Rs 10,500 crore.

23. Intel buys Artificial Intelligence startup, Nervana Systems, run by Indian-origin entrepreneur

Intel Corp has acquired a startup, Nervana Systems, run by an Indian-origin Entrepreneur and former Qualcomm researcher Naveen Rao for an undisclosed amount. However, the software giant is expected to have paid more than \$400 million to buy Nervana.

The acquisition gives Intel a definitive head start towards advanced data analytics, computer vision, natural language processing and machine learning. Nervana will help develop Intel's artificial intelligence portfolio and enhance the deep learning performance of Intel Xeon and Intel Xeon Phi processors.

24. Handicraft exports see over 8% increase in 2015-16

India's handicraft exports have increased by more than 8% during the last fiscal touching nearly 31 thousand crore rupees. The exports of handicrafts have shown an increase of 8.46 per cent in rupees' term in 2015-16 as compared to previous year.

A proposal for creation of e-marketing platform under marketing support and service scheme has also been received from export promotion council for handicrafts. This platform will facilitate buyers and sellers to procure and sell as well as to promote products categories both in domestic as well as international markets online.

25. Retail inflation at 2-year high, hits 6.07% in July

Retail inflation rose to nearly 2 years high of 6.07% in July 2016, as prices of food items climbed ahead of the festival season.

Retail inflation, measured by the Consumer Price Index, had stood at 5.77% in June 2016, and 3.69% in July 2015.

Food inflation rose to 8.35% in July, from 7.79% in June. Retail inflation in vegetables was 14.06%, and in pulses 27.53% in July.

26. Manipal Technologies Ltd (MTL) acquired CrossFraud

Manipal Technologies Ltd (MTL) has acquired CrossFraud from the Bengaluru-based Saraansh Software Solutions Pvt. Ltd for an undisclosed amount. MTL is a secure print solution organization whereas CrossFraud is an advanced fraud detection and anti-money laundering solution.

The acquisition comes with four international patents in risk and fraud detection area. Also, CrossFraud is already implemented in two banks in Thailand and six banks in India. The acquisition will help MTL accelerate its business growth.

27. Forex reserve at record high of USD 365.82 billion

India's foreign exchange reserves surged by USD 73.2 million to touch a life-time high of USD 365.82 billion in the week ended 12th August. Foreign currency assets, a major part of the overall reserves, increased by USD 81.6 million to USD 340.36 billion.

Gold reserves remained unchanged at USD 21.58 billion in the week. India's special drawing rights with the International Monetary Fund, however, were down by USD 3.2 million to USD 1.49 billion, while the country's reserve position dipped by USD 5.2 million to USD 2.39 billion.

28. Microsoft acquires gaming startup Beam

Microsoft has acquired Seattle-based interactive livestreaming platform for gamers, Beam for an undisclosed amount. Beam was launched by 18-year-old Matt Salsamendi just 8 months ago. Beam lets gamers crowdsource control of the game so viewers can engage with players in real time.

Post-acquisition, Beam will become part of Microsoft's Xbox team. The move will support Microsoft's growth strategy around Xbox Live, one of the world's most popular social gaming platform.

29. Unilever Plc signed agreement to acquire Swedish firm Blueair

Unilever Plc has acquired Blueair for an undisclosed amount. Launched in 1996 in Stockholm, Blueair is the world's leading supplier of innovative mobile indoor air purification technologies and solutions.

Blueair had a turnover of US\$106m in 2015 and is a leading player in markets like China, US, Japan, South Korea and India. This significant venture in air purification will further complement Unilever's existing water purification business. The founder of Blueair is Bengt Rittri.

30. Reliance Brands inks pact with Scotch & Soda

Reliance Brands announced a long-term master franchise agreement with Amsterdam based fashion brand Scotch & Soda. Reliance Brands is a part of Reliance Industries.

As a part of the agreement, Reliance Brands will set up Scotch & Soda stores in all major cities in India by 2017 through all channels of sale such as ecommerce, travel commerce, and leading multi-brand department stores. Currently, Scotch & Soda has over 160 stores globally.

31. Govt slaps Rs 2,500 crore penalty on Reliance Industries

The government has slapped an additional penalty of US \$380 million (around Rs 2,500 crore) on Reliance Industries and its partners for producing less than targeted natural gas from eastern offshore KG-D6 fields.

The total penalty for missing the target in five fiscal years beginning April 1, 2010, now stands at a total of US \$ 2.76 billion. BP Plc of the UK and Canada's Niko Resources are the partners of RIL.

32. M&A deals worth \$4 billion announced in July

Merger and acquisition deals worth 4 billion were announced in July taking the year-to-date deal tally to \$ 19.87 billion. It was an effect of a significant surge in domestic and inbound deal activity.

According to assurance, tax and advisory firm, Grant Thornton's latest Dealtracker report, there were 44 M&A deals in July 2016, compared to 43 in July 2015, worth 2.1 billion dollars. So far in 2016 (January-July) there were 301 M&A deals worth \$ 19,875 million, while in the corresponding period last year there were 319 such deals worth \$ 16,216 million.

33. Wholesale inflation rises to 3.55% in July

Wholesale inflation rose to a 23-month high of 3.55% in July 2016, as vegetables, pulses and sugar became costlier. Wholesale price-based inflation had stood at 1.62% in June 2016, and at minus 4% in July 2015. Wholesale inflation for May has been revised upwards to 1.24%, from the earlier estimate of 0.79%.

Wholesale inflation in vegetables surged to 28.05% in July, and in pulses to 35.76%. Overall food inflation stood at 11.82% in July. However, a deflationary trend continued in some items, like onions, at minus 36.29%, and petrol, at minus 10.3%. Inflation in manufactured articles was 1.83% in July.

34. China Railway Rolling Stock Corporation launches operations in India

China's biggest high-speed train and railway equipment maker, China Railway Rolling Stock Corporation (CRRC), announced that its first joint venture in India has started operations in Haryana.

The joint venture, CRRC Pioneer (India) Electric Company, is expected to manufacture and repair locomotive engines. It has been set up in the Bavo Industrial sector in Haryana. It will also provide technology support to India's rail system, and supply electric transmission systems to oil drilling, wind power generation and mining equipment making in India. Total investment is \$63.4 million and CRRC holds 51% of the share.

35. NLC Ltd to add 6,820 MW of power

NLC Ltd is planning to add over 6,821 megawatt (Mw) of power, with an investment of over Rs 27,740 crore. NLC Ltd is presently operating with a total installed capacity of 3,240 MW.

Projects for addition of around 6,821 MW includes 1,500 MW of coal-based power plants and 3960 MW of Sirkali Thermal Power Project in Sirkali Tamil Nadu. NLC Ltd, earlier known as Neyveli Lignite Corporation is Navaratna company which comes under the Ministry of Coal.

36. TitanX acquired by Tata AutoComp Systems Ltd

Tata AutoComp Systems Ltd, a leading auto-component supplier, declared plans to acquire TitanX, a leading global engine cooling supplier to the global commercial vehicle industry for an unspecified amount. The transaction is expected to be completed by the end of 2016.

TitanX is currently owned by EQT Opportunity and Fouriertransform. TitanX supplies to Volvo Trucks, Scania, Daimler and Iveco. It has manufacturing plants in Sweden, USA, Mexico, Brazil and China. It has sales of approximately \$ 200 million.

37. Minda Corporation Ltd enters into joint venture with Chinese firm for auto components

Auto component manufacturer Spark Minda group flagship firm, Minda Corporation Ltd enters into a joint venture with China's Shandong Beiqi Hai Hua Automobile Parts Co (SBHAP) and form Minda China Plastic Solutions Ltd, which is going to be a 50:50 joint venture.

The total investment of the joint venture will be \$1.25 million (around Rs 8.35 crore). The total registered capital of the joint venture would be USD 0.5 million.

38. BSNL and Microsoft India join hands for effective connectivity and telecom solutions

Bharat Sanchar Nigam Limited (BSNL) signed a Memorandum of Understanding with Microsoft India to offer telecom and IT solutions for big businesses promoting the demand for IT and cloud services.

The partnership will serve government to government, government to consumer, government to business, and business to business segments. Microsoft won the bid for a request for proposal invited by BSNL from companies that have command over this area, strategic business alliances with popular companies.

39. GAIL partners with Bloom Energy for fuel cell power generation

GAIL (India) Limited and Silicon Valley-based Bloom Energy signed a Memorandum of Understanding (MoU) to deploy revolutionary natural gas-based fuel cell technology to generate electricity. The state-of-the-art solid oxide fuel cell (SOFC) technology of Bloom Energy Servers convert fuel into electricity using Natural Gas as the base fuel to generate reliable and resilient electricity.

GAIL's subsidiary at Bengaluru is already supplying Natural Gas for energizing a multi-MW Bloom Energy project for a large global technology company at the Technology Park in Bangalore.

40. Govt approves seven FDI proposals to tune of Rs 290 cr

The government has approved seven Foreign Direct Investment, FDI proposals to the tune of 290 crore rupees. According to the Finance Ministry, the decision was taken on the basis of recommendation of Foreign Investment Promotion Board, FIPB. It includes 267 core rupees FDI proposal of Tikona Digital Networks to increase foreign equity to 76.73%.

An application to increase foreign investment in Idea Cellular Infrastructure Services Ltd (ICISL) to up to 67.5% was deferred by the panel.

41. Reliance Cement becomes subsidiary of Birla Corporation Limited

Birla Corporation Limited has completed acquisition of the entire cement business of Anil Ambani-led Reliance Infrastructure by acquiring 100% equity shares of Reliance Cement Company Private Limited (RC|CPL).

In February 2016, Birla Corporation signed a definitive Share Purchase Agreement with Reliance Infrastructure Limited for acquisition of its entire cement business for an enterprise value of Rs. 4,800 crore. The acquisition takes BCL's annual capacity from 10 million tons (MT) to 15.5 million tons.

42. Pfizer enters into definitive merger agreement with Medivation

The US-headquartered pharma major Pfizer Inc will acquire Medivation Inc, a biopharmaceutical company focused on developing and commercializing small molecules for oncology. The definitive merger agreement has been priced at \$81.50 a share in cash for a total enterprise value of approximately \$14 billion.

The merger will give a boost to Pfizer's consolidation effort through a series of acquisitions. The addition of Medivation will strengthen Pfizer's Innovative Health business and accelerate its pathway to a leadership position in oncology.

43. Indian economy to grow 7.9% this fiscal: Goldman Sachs

Global investment bank Goldman Sachs has expected the Indian economy to grow at 7.9% in the current fiscal driven by better monsoon, government pay hike, key reforms and FDI inflows. This compares to a GDP growth forecast of 7-7.5 per cent for 2016-17 in the government's Economic Survey.

However, the bank warned that a faster pace of rate increases by the US Federal Reserve, concerns about Chinese growth and unpredictable capital flows constituted key risks to growth.

44. DIPP to launch awareness campaign on IPR

Department of Industrial Policy and Promotion, DIPP, will launch a nation-wide awareness campaign on Intellectual Property Rights (IPR). It will be taken forward by Cell for IPR Promotion and Management (CIPAM) in collaboration with the Controller General of Patents, Designs and Trademarks (CGPDTM) and Industry Associations.

DIPP Secretary Ramesh Abhishek flagged off the IPR awareness campaign to build on the initial momentum created by the pilot road shows conducted by CIPAM in New Delhi.

Government of India

45. Gems, jewelry exports up about 12% in April-July FY'17

Exports of gems and jewelry grew 11.7% to reach 11.4 billion dollars, during the first four months of the current fiscal, driven largely by demand in India's major markets like the US. In April to July period of the last fiscal, exports from the sector were at 10.21 billion dollars.

The rise in April to July was mainly supported by cut and polished diamond exports. It rose to 7.25 billion dollars during the period from 6.89 billion dollars, a year ago. Gems and jewelry contribute about 14% to the country's overall exports.

46. EPFO investments in ETFs to be raised beyond 5%

The Employees' Provident Fund Organization will raise proportion of its investments in exchange traded funds from the present 5% and a final decision on the quantum for current fiscal would be taken very soon.

SBI Mutual Fund and UTI Mutual Fund will manage the corpus of the retirement fund in ETFs. As on July 31, 2016, amount invested in ETF by Employees' Provident Fund Organization is Rs. 7,468 crore and the market value of this as on date is Rs. 8,372 crore, which shows a positive return of 12.10%.

47. Bilateral trade of USA with India reaches USD 109 billion

The bilateral trade of USA with India has reached USD 109 billion in 2015, up from USD 37 billion in 2005. In 2015, US investment in India reached more than USD 28 billion and Indian investment in the United States reached more than USD 11 billion. US affiliates of Indian-owned firms now employ more than 52,000 workers in the US.

India's rapidly growing economy and the government's ambitious reform agenda, including Goods and Services Tax, passage of the recent national bankruptcy law, and liberalised foreign direct investment limits in key sectors, will further deepen economic activity in the years ahead.

48. Carborundum Universal inaugurates R&D centre at Hosur

Murugappa Group firm Carborundum Universal (CUMI) inaugurated its Research and Development centre in its Industrial Ceramics Division facility in Hosur, Tamil Nadu. It will help address CUMI's aspirations to grow in wear-resistant and technical ceramics, including metallized ceramic range of products.

CARBORUNDUM UNIVERSAL LIMITED

It is certified by the Department of Scientific and Industrial Research (DSIR), Government of India. It will be a Centre of Excellence for research in Technical Ceramics for Industrial & Advanced applications.

49. Amazon launched dedicated online Telugu book store

E-commerce portal Amazon.in announced the launch of a dedicated online Telugu book store. It has a range of over 10,000 titles to choose from. It offers a wide selection ranging from classics, literature, fiction, biographies, business and finance, self-help, cook books and children's books.

Telugu will be the eighth dedicated language book store on Amazon India. Currently Amazon India caters to Hindi, Tamil, Kannada, Marathi, Malayalam, Gujarati and Bengali languages.

50. Mahindra unveils DiGiSENSE platform to track vehicle information

Mahindra & Mahindra Ltd (M&M) has launched an App "Mahindra DiGiSENSE". Mahindra vehicle fitted with a communication control unit (CCU) monitors the vehicle's health, performance, location and usage, relays the information to the DigiSense server, from where it is passed on to the owner in the form of an SMS and app alert.

The vehicles with this facility will cost between Rs. 5,000 to Rs. 10,000. With this Mahindra has become the first OEM in India to integrate its product line-up onto a cloud-based technology platform.

ENVIRONMENT

1. WII to house India's first Tiger Repository

The Wildlife Institute of India (WII) will house the India's first repository on tigers, under its new Tiger Cell in Dehradun. The repository will consist of huge database on tiger conservation and population estimation which has been prepared with collaborated effort with the National Tiger Conservation Authority (NTCA).

The Dehradun-based WII has about 23,000 images of tigers. Y.V. Jhala, a wildlife scientist at the WII will head the Tiger Cell. The cell will house a database of tigers as well as DNA and stripes samples from over 50 tiger reserves.

2. Over 10000-Year-Old Camping Site Discovered in Ladakh

An ancient camping site dating ninth millennium BC has been discovered by the Archaeological Survey of India (ASI) on the way to Saser La which leads to the Karakoram Pass in Ladakh. The site was unearthed at 14,000 feet above the sea level.

The camping site dates 8500 BC and indicates human camping in the area 10,500 years ago. It was noticed by a team led by ASI Joint Director General SB Ota while exploring in Nubra valley during 2015-16.

3. New species of Eel found in the Bay of Bengal

Scientists have discovered a new species of Eel, *Gymnothorax Indicus*, from the northern Bay of Bengal along the West Bengal coast. The Eel is slender-bodied, about one feet-long and edible. It was discovered after it was collected in a trawl net by fishermen in northern Bay of Bengal.

The scientist said that the Eel has 194 vertebrae and proposed its name as "Indian unpatterned moray". Scientists believe that these newly discovered eel species may contribute to food security in the future.

4. Humans have been causing global warming for almost 180 years: Study

An international research project has found human activity has been causing global warming for almost two centuries. The results of the study suggest that global warming began during the early stages of the Industrial Revolution. The warming was first detectable in the Arctic and tropical oceans around the 1830s.

The researchers evaluated climate histories preserved in corals, cave decorations, tree rings and ice cores across the world. They also evaluated thousands of years of climate model simulations, including data used for the latest report by the U.N.'s Intergovernmental Panel on Climate Change.

5. Nine breeds of livestock and poultry registered with NBAGR

Indian Council of Agricultural Research-National Bureau of Animal Genetic Resources (ICAR-NBAGR) announced that it has registered 9 new breeds of indigenous farm animals which include one breed of cattle, two breeds each of goat and sheep, three breeds of pig, and one breed of chicken.

Serial No.	Breed	Home Tract	Species
1	Badri	Uttarakhand	Cattle
2	Teressa	Andaman & Nicobar	Goat
3	Kodi Adu	Tamil Nadu	Goat
4	Chevaadu	Tamil Nadu	Sheep
5	Kendrapada	Odisha	Sheep
6	Tenyi Vo	Nagaland	Pig
7	Nicobari	Andaman & Nicobar	Pig
8	Doom	Assam	Pig
9	Kaunayen	Manipur	Chicken

FINANCE

1. SEBI's first phase of new enterprise portal goes live

SEBI has gone live with its new Enterprise Portal. This new portal, which replaces the existing one in a phased manner, will enable accurate and timely information dissemination to internal and external stakeholders. The new portal is being developed by IT major Tech Mahindra.

The first phase of the project provides SEBI employees and some of its market intermediaries with an interactive portal which improves customer centricity by supporting multiple channels and aligning with emerging digital trends.

2. Oracle India joins SBI to nurture Digital Skills Initiative

Oracle India announced a corporate citizenship collaboration with State Bank of India (SBI) and launched the 'D-Change' programme which will support education and learning, women's empowerment and rural skills development in the country.

As part of the programme, Oracle and SBI volunteers will help enhance IT literacy among high school students, teachers and parents from over 100 SBI-supported government schools through an initiative called "Digital Kushalta ki Aur." It will be initiated at Rotary Bangalore Vidyalaya in Bengaluru and Mandal Parishad High School, Kondapur in Hyderabad on August 6.

3. ICICI Bank signs MoU with Apollo India to form ARC

ICICI Bank has inked an MoU with Apollo India Credit Opportunity Management LLC and AION Capital Management to set up an asset reconstruction company in order to resolve cases related to bad loans. The MoU is subject to regulatory approvals, acquisition of debt exposures from lenders and equity stakes in companies.

Canada's Brookfield announced a partnership with SBI to channel funds into stressed companies in July 2016. JC Flowers had entered into a partnership with investment bank Ambit Holdings. In March 2016, Kotak Mahindra Group tied up with Canada Pension Plan for investment in bad loans.

4. Bank of Baroda signs agreement with start-up Fisdom

Bank of Baroda has tied up with a fintech start-up Fisdom for personal wealth management services. Fisdom app helps users make financial investments in an easy and paperless manner with personalised financial advice. It helps people manage their money with the help of a robo-advisor.

The bank has entered into pact with six other fintech companies, proficient in different areas - CreditMantri, FundsTiger, Probe42, Power2SME, IndiaLends and KredX.

5. RBI introduces website 'Sachet' to check illegal Collection of Deposits

Dr. Raghuram G. Rajan, Governor, Reserve Bank of India launched new website 'Sachet' to help public in gaining information regarding authorized entities that are allowed to accept deposits. Public can easily lodge complaints and also share information regarding illegal acceptance of deposits by illegal entities.

Further, members of public can file and track a complaint on this website if any entity has illegally accepted money from them and/or defaulted in repayment of deposits. They can also share information regarding any such entity on this portal. The website would also help enhance co-operation among regulators and State Government agencies.

6. RBI constitutes household finance committee, chaired by Dr. Tarun Ramadorai

The Reserve Bank of India (RBI) has set up a committee to look at the various facets of household finance in India, to be chaired by Dr. Tarun Ramadorai, Professor of Financial Economics, University of Oxford. The committee will have representation from financial sector regulators, namely, Securities and Exchange Board of India (SEBI), Insurance Regulatory and Development Authority of India (IRDAI), Pension Fund Regulatory and Development Authority (PFRDA) apart from Reserve Bank of India (RBI).

The main objective behind setting up of committee is to benchmark the current depth of household financial markets in India and assess the role of new financial technologies and products.

The board of State Bank of India (SBI) cleared the proposed merger of five associate banks viz. State Bank of Bikaner and Jaipur (SBBJ), State Bank of Mysore (SBM), State Bank of Travancore (SBT), State Bank of Hyderabad and State Bank of Patiala as well as Bharatiya Mahila Bank (BMB) with itself.

Post-merger, SBI will become a global-sized bank with an asset base of Rs 37 trillion (Rs 37 lakh crore) or over USD 555 billion, with 22,500 branches and 58,000 ATMs. It will have over 50 crore customers.

24. Doha Bank opens first branch in Kerala

Qatar based Doha Bank is formally set to inaugurate its first branch in Kerala on 27th August. The branch is located at first floor of Lulu International shopping Mall in Edappally. It is the only branch of a Gulf Cooperation Council (GCC)-based bank in India.

It will mainly cater to the needs of the large NRI population, both in Kerala and the Gulf. Doha bank provides corporate banking, retail banking, treasury, trade finance and foreign exchange services.

25. Federal Bank to use Chillr app

Federal Bank has partnered with Chillr. It is a mobile banking application that connects directly to a person's bank account and enables instant money transfers, bill payments, phone recharge and e-commerce payments in a very secure environment.

It is India's first and only multi-bank mobile application. Chillr allows users to connect seamlessly with multiple bank accounts and manage all their banking needs on a single platform. All transactions on Chillr are initiated directly from the users' bank accounts and authenticated by a secure PIN provided by their banks.

26. Government selects four investment banks for launch of IPO of HUDCO

Department of Investment and Public Asset Management (DIPAM), has selected four investment banks, Nomura, SBI Caps, ICICI Securities and IDBI Capital for the proposed share sale in HUDCO (Housing & Urban Development Corporation Limited).

The government is planning to sell 10% stake in HUDCO through an initial public offer (IPO). The proposed move is aimed at raising about Rs 1,500 crore on a total valuation of Rs 15,000 crore. HUDCO has a paid up capital of Rs 2,000 crore, comprising of 200 crore equity shares of Rs 10 each.

27. South Indian Bank, SBI Card to launch co-branded credit card

South Indian Bank has collaborated with SBI Card, a credit card issuer, to launch co-branded credit cards for the customers of South Indian Bank. As per the agreement, two variants of credit card on VISA platform, namely South Indian Bank Platinum SBI card and South Indian Bank SimplySave SBI card will be launched.

While the Platinum card will be offered to the premium segment of the customers, the other card will be offered to those customers who look for value.

28. UBI launches USSD based mobile app

National Payments Corporation of India (NPCI) has entered into an agreement with Union Bank of India to launch an USSD based *99# mobile application for their customers.

This application can be downloaded in an android smartphone from the Google Play Store by the bank customers and can be used even without any internet connection as it does not require any data. The application provides basic banking facilities like checking account balance, sending money and Mobile PIN (MPIN) management. It is also available in 10 languages.

29. Bajaj Finance partners with India Post

Bajaj Finance Limited has signed a memorandum of Understanding with India Post to facilitate purchase of two-wheeler vehicles in Karnataka. Customers can collect information on the loan schemes and offers from the post office. Subsequently, the customers can also make repayments of their loans through the Post Offices by making the deposits.

This arrangement shall initially be rolled out across 208 E-Payment Post Offices across Karnataka. The first such tie-up was made in Tamil Nadu.

30. Government to ban cash transactions over Rs 3 lakh

Chairperson of the Central Board of Direct Taxes Rani Singh Nair said that the government is planning to ban all cash transactions of more than Rs. 3 lakh as per the recommendations of the Special Investigation Team (SIT).

The government, however, is yet to decide on the SIT's other proposal to bar cash holdings over Rs 15 lakh due to opposition from trade and industry. The government has already banned cash advance of more than Rs 20,000 for property transactions.

31. Jawaharlal Nehru Port Trust to sign agreement with bankers for External Commercial Borrowing

India's premier container port, Jawaharlal Nehru Port in Navi Mumbai, has signed an agreement with State Bank of India and Development Bank of Singapore for External Commercial Borrowing to the tune of USD 400 Million (USD300 Million from the SBI & USD100 from DBS).

The ECB will be primarily utilized by the JNPT for expansion of its existing roads network connecting to its port project. Borrowing by JNPT is for Door-to-Door tenor of 7.5 years. However, lending by JNPT to MJPRCL is for 16 years (two years construction and 14 years repayment).

32. 21 banks to go live with Unified Payments Interface

India's Unified Payments Interface (UPI) is going live for customers of 21 banks, paving the way for a P2P payments revolution in the country.

UPI is a new initiative from NPCI designed to enable customers across UPI member banks to pay and collect money from their smartphones without entering any bank account information. IDBI Bank and RBL Bank are on-boarded as issuers. It enables their customers to download any UPI enabled Apps mentioned above and link their account.

33. RBI asks banks to provide loans to Women Self-Help Groups at 7% per annum

Reserve Bank of India (RBI) has asked banks to provide loans to Women Self-Help Groups in rural areas at 7% per annum.

The Reserve Bank said in a notification that all women self-help groups (SHGs) will be eligible for interest subvention on credit up to three lakh rupees at 7% per annum under the Deendayal Antyodaya Yojana - National Rural Livelihoods Mission in 250 districts. However, SHGs availing capital subsidy under the Swarnajayanti Gram Swarozgar Yojana in their existing credit outstanding will not be eligible for benefit under this scheme.

34. Karnataka Bank Launches new Mobile Banking App “KBL – SMARTz” on UPI platform of NPCI

Karnataka Bank today launched “KBL-SMARTz”, a Mobile Application (App) built on Unified Payments Interface (UPI) platform of National Payments Corporation of India (NPCI). UPI is a new initiative from NPCI designed to enable customers across UPI member banks to pay and collect money from their smartphones without entering any bank account information.

“KBL –SMARTz” is “Secure Mobile App for Rapid Transactionz”. App is available to public free of cost and can be downloaded from the Google PlayStore.

35. World Bank sanctions Rs 980 cr for Brahmaputra dredging: Min

The World Bank has sanctioned Rs 980 crore to dredge the Brahmaputra as an initiative to develop waterways to Bangladesh and to other South East Asian countries. It will help boost trade and industry in the Northeast. It will ultimately result in Assam becoming an export hub for the South East Asian countries.

The World Bank is an international financial institution that provides loans to developing countries for capital programs.

36. RBI Forecasts 7.6% GDP growth for this fiscal

The RBI, in its Annual Report, has projected India's growth rate at 7.6% in 2016-17, up from 7.2% last year as a result of better than anticipated agricultural performance and the possibility of allowances under the 7th Pay Commission's award being paid out in the fourth quarter of 2016-17.

The report highlights that the passage of Goods and Services Tax (GST) Bill marks and the commitment of the central government to the path of fiscal consolidation in 2016-17 has enhanced the credibility of fiscal policy, which will, in turn, help in anchoring inflation expectations and in improving the business environment.

37. NABARD sanctions Rs 204.67 crore loan under RIDF to Haryana

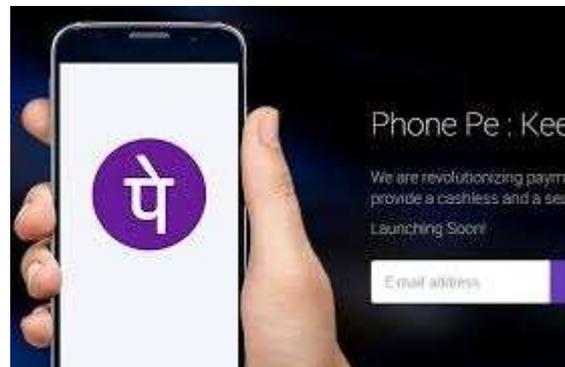

The National Bank for Agriculture and Rural Development (NABARD) has sanctioned a loan of Rs 204.67 crore for Haryana under Rural Infrastructure Development Fund (RIDF) for rural infrastructure in Haryana including a 10MW solar plant at Panipat thermal power station.

Out of the total loan, Rs 147.18 crore has been sanctioned to the state government for construction of three rural bridges, construction and upgradation of 26 rural roads in 10 districts, and Rs 57.49 crore for the solar plant. The aggregate length of the proposed rural roads is 184.78 km.

38. PhonePe & YES Bank launch India's 1st UPI-based payments app

PhonePe, a Flipkart Group company, and YES BANK have partnered to launch India's first UPI (Unified Payments Interface) based mobile payments app.

PhonePe allows users to link their bank accounts securely to their smartphone using NPCI's encrypted libraries. Once linked, users can authorize money transfers or merchant payments instantly by simply entering their 4-6 digit MPIN.

Money is instantly transferred without a need to enter an OTP to authorize a transaction anymore. A transaction takes less than 10 seconds to complete. The PhonePe App also offers bill-split, mobile recharge and utility bill payment features.

IMPORTANT DAYS

1. World Breastfeeding Week 2016 observed

World Breastfeeding Week is celebrated every year from 1 to 7 August to encourage breastfeeding and improve the health of babies around the world. The theme for World Breastfeeding Week 2016 is "Breastfeeding: A Key to Sustainable Development".

WHO recommends exclusive breastfeeding starting within one hour after birth until a baby is 6 months old. Nutritious complementary foods should then be added while continuing to breastfeed for up to 2 years or beyond.

2. Second National Handloom Day celebrated

The second National Handloom Day celebrations and presentation of various Handloom and Sant Kabir Awards was held in all states on 7th August, 2016. Union Textiles Minister Smriti Zubin Irani was the chief guest in the main function held at Varanasi.

The National Handloom Day was first celebrated in 2015. To mark the Swadeshi Movement which began on August 7, 1905 and with the objective to generate awareness about the importance of handloom industry and its contribution to the socioeconomic development, the government on July 29, 2015 declared this day as National Handloom Day.

3. International Day of the World's Indigenous Peoples observed

The United Nations' (UN) International Day of the World's Indigenous People is observed on August 9 each year to promote and protect the rights of the world's indigenous population. This year's International Day of the World's Indigenous Peoples is devoted to the right to education.

This event also recognizes the achievements and contributions that indigenous people make to improve world issues such as environmental protection. There are an estimated 370 million indigenous people in some 90 countries around the world.

4. Union Minister Maneka Sanjay Gandhi kicks off social media campaign on Daughters' Day

The Ministry of Women and Child Development launched a social media campaign to mark the Daughters Day to be celebrated on 11th August 2016. The immediate week was celebrated by the Ministry of Women and Child Development as Daughters' Week, as part of the Beti Bachao Beti Padhao programme.

Through social media websites such as Facebook, Twitter etc, users from across the country will post photographs online with their Daughters, Daughters-in-law and Granddaughters using the hashtag #BBBPDaughtersWeek. This opportunity is being used by the Ministry to engage citizens to celebrate the young women and girls in their lives, and spread the message of valuing the girl child.

5. World Bio-Fuel Day observed

The World Bio-Fuel Day is observed annually across the world on 10th August with an aim to create awareness about non fossil-fuels (Green Fuels). The day marks the extraordinary achievement of Sir Rudolph Diesel's research experiment which predicted that vegetable oil is going to replace the fossil fuels in the next century to fuel different mechanical engines.

On this occasion, the Union Minister of State (Independent Charge) for Petroleum and Natural Gas Dharmendra Pradhan inaugurated a national-level conference, Energy security for India – Creating a Biofuel economy, in New Delhi. The biofuel business in India is expected to touch Rs. 50,000 crore by 2022.

6. International Youth Day celebrated on 12 August

The United Nations' (UN) International Youth Day is celebrated annually on August 12. The day recognizes the contribution of the world's youth in enhancing global society.

The theme of the 2016 International Youth Day is "The Road to 2030: Eradicating Poverty and Achieving Sustainable Consumption and Production". This year's Day is about achieving the 2030 Agenda for Sustainable Development. It focuses on the leading role of young people

in ensuring poverty eradication and achieving sustainable development through sustainable consumption and production.

7. World Humanitarian Day observed on 19th August

The World Humanitarian Day is observed every year on 19 August to pay tribute to aid workers who risk their lives in humanitarian service, and to mobilize people to advocate for a more humane world. The theme for this year is "One Humanity".

The UN and its partners are organizing events that will raise awareness of the Agenda for Humanity and inspire people to demand greater global action for the 130 million people affected by conflict and disaster.

8. International Day for the Remembrance of the Slave Trade and Its Abolition observed globally on 23rd August

The International Day of Remembrance for the Victims of Slavery and the Transatlantic Slave Trade is observed annually on August 23.

The day offers the opportunity to honour and remember those who suffered and died at the hands of the brutal slavery system. The International Day also aims to raise awareness about the dangers of racism and prejudice today.

This date also pays tribute to those who worked hard to abolish slave trade and slavery throughout the world.

9. International Day Against Nuclear Tests observed globally

The International Day against Nuclear Tests is observed annually on August 29. The day brings public awareness and education about the effects of global nuclear weapon tests and the need to prevent nuclear catastrophes to avert devastating effects on humankind, the environment and the planet.

The United Nations General Assembly declared 29 August as the International Day against Nuclear Tests by unanimously adopting resolution 64/35 on 2 December 2009. The Day was first celebrated in 2010.

10. National Sports Day celebrated on 29th August

August 29 is celebrated as the National Sports Day in dedication to the great hockey player Dhyan Chand. The day is celebrated in the remembrance of the great hockey player Dhyan Chand, 29th August being his birthday.

This day is celebrated by organizing friendly matches between different Indian hockey teams at the Dhyan Chand National Stadium in New Delhi, which was constructed in the respect and honor of Dhyan Chand.

The government gives away awards such as Rajiv Gandhi Khel Ratna, Arjuna and Dronacharya Awards on this day.

INTERNATIONAL

1. Malaysia enacts new security law

Malaysia enacted a new security law that gives the government broad, unchecked powers. It allows for authorities to create a so-called 'security zone' inside which arrests and seizures can happen without warrants.

Prime Minister Najib Abdul Razak is facing calls to resign over a huge alleged 1MDB (Malaysia Development Berhad) corruption scandal. Some say the government could use this law to ward off political and legal challenges.

However, the Prime Minister said the law was needed to counter security threats.

2. Yuriko Koike elected as the first woman Governor of Tokyo

Former Defence Minister Yuriko Koike has been elected as the first woman Governor of Tokyo. She is also the first woman governor of Japan. She beat closest opponent Hiroya Masuda by more than a million ballots, who was backed by Prime Minister Shinzo Abe's ruling Liberal Democratic Party.

The World Economic Forum ranks Japan 101st out of 145 in terms of gender equality, and only 9.5% of Japan's House of Representatives are women.

3. Pushpa Kamal Dahal 'Prachanda' elected as Nepal PM

Pushpa Kamal Dahal 'Prachanda' has been elected as the new Prime Minister of Nepal. The 61-year-old CPN-Maoist Centre chief, was elected Prime Minister with 363 votes in favor and 210 against him. Mr. Prachanda became Prime Minister of Nepal for the second time. He held this post during 2008 - 2009. He is also the only communist leader to become the Prime Minister of the country twice.

The Prime Minister's post became vacant on 24th of July, after CPN-UML chairman K P Sharma 'Oli' resigned.

4. Tunisia's PM HabibEssid loses confidence vote in parliament

In Tunisia, Prime Minister HabibEssid has lost a confidence vote in parliament, after just a year and a half in office. A total of 118 Members of Parliament voted to unseat Essid, just three voted for him to stay at the helm and 27 abstained.

Essid's government has been widely criticized for failing to tackle the country's economic crisis and terror related issues. He had been under growing pressure since President BejiCaidEssebsi criticized the government.

5. WHO to remove transgenders from its mental disorders list

The World Health Organization (WHO) is considering to remove the transgender from the WHO's list of mental disorders in its global list of medical conditions following calls from researchers and advocates.

A study led by the National Institute of Psychiatry in Mexico suggested that transgender people struggled to access health care services due to this classification. The change is under review for the next edition of the W.H.O. codebook, which classifies diseases and influences the treatment of patients worldwide.

6. Typhoon Nida lashes Hong Kong

Typhoon Nida made landfall near Dapeng Peninsula in China's Guangdong province, bringing heavy rain and damaging winds across parts of southern China. Typhoon Nida (which is locally known as Carina), lashed the Chinese city Hong Kong that is located about 42 kilometers from the Dapeng Peninsula.

The government has warned of flooding in low-lying areas and asked people to stockpile food and other essentials. Nida hit the Philippines on 30 July 2016, pouring up to 11 inches of rain over the northern parts.

7. 7th meeting of SAARC Immigration Authorities held in Islamabad

The 7th meeting of SAARC Immigration Authorities was held in Islamabad. Pakistan's Director General Immigration and Passports, Usman A. Bajwa, was unanimously elected as Chairman and chaired the meeting.

It reviewed different areas to maximize the potential of visa exemption scheme launched among the member countries in 1992. It also deliberated on development of security software for SAARC visa exemption scheme and immigration matters. Visa exemption schemes are being implemented among SAARC countries in 24 categories including dignitaries, businessmen, journalists and sports persons.

8. Japan cabinet approves economic stimulus package worth \$275 bn

Japan's cabinet has approved an economic stimulus package worth 275 billion dollars. It is the latest attempt by Prime Minister Shinzo Abe to kick-start the economy and boost growth. The package includes spending for the national and local governments over the next 2 years. More than half of that sum has been earmarked for the current fiscal year.

The stimulus package would be included in a supplementary budget, which will be considered by an extraordinary session of Parliament starting in September. The government expects the measures to boost gross domestic product by 1.3%.

9. Nuclear scientist Shahram Amiri executed for treason in Iran

Iranian nuclear scientist Shahram Amiri detained since 2010 has been executed on account of treason.

He was convicted of handing over "confidential and vital" information to the United States. Amiri went missing after taking a pilgrimage to Mecca in 2009 and returned to Tehran in 2010. In mid-July 2010, the Washington Post reported that he was allegedly paid \$5m by the CIA for the intelligence he had shared on Iran's nuclear activities.

10. Over 1000 Dancing Robots Set Guinness Record in China

A new Guinness World Record was set after more than 1,000 robots performed a synchronized dance routine in Qingdao city, China. Each robots were just under 44 centimeters in height.

1,040 robots started their synchronized dance routine. Of them, 1,007 finished the challenge, setting a new Guinness World Record for the largest simultaneous robot dance. The attempt was organized by Qingdao-based Ever Win

Company which almost doubled the previous record of 540 dancing robots which was achieved earlier this year by Chinese company UBTECH Robotics Corp.

11. First-ever 'Pizza ATM' opens in the US

The first-ever 'Pizza ATM' was installed in the US at the university campus of Xavier University (XU) in Ohio. The pizza vending machine can hold seventy 12-inch pizzas and dispense them fresh and hot in just three minutes.

Customers can select what kind of pizza they want using the 24-hour machine's touchscreen. The cost of each pizza is around \$10, with the ATM accepting credit and debit cards, as well as a student card.

12. Russian watchdog imposes 6.8 million dollar fine on Google

Russia's anti-monopoly watchdog ruled that Google would have to pay a 6.8 million dollar fine, for pre-installing applications on mobile devices running its Android operating system.

Following a complaint by Russia's Yandex company, the watchdog, FAS, had ruled last September that Google had broken anti-monopoly laws. It had ruled that Google had abused its market position with Android, by favoring some of its digital services over those of rivals. Yandex is a technology company specializing in Internet-related services and it operates the largest search engine in Russia.

13. Russian President dismissed chief of staff Sergei Ivanov

Russian President Vladimir Putin has dismissed Sergei Ivanov, his chief of staff and one of his closest allies as head of the Russian Presidential Administration. The 63-year-old has now been made a special representative for environmental and transport issues. Mr Ivanov took up the post in December 2011. He served previously as a deputy prime minister and defence minister.

Anton Vaino, has been appointed as his successor. Mr Vaino, 44, is a former diplomat.

14. 6,900 km gas pipelines to connect Bangladesh, Myanmar, India

The government is planning to lay 6,900 km of gas pipelines linking BSitwe (Myanmar), Chittagong (Bangladesh), most north-eastern states, Siliguri and Durgapur (West Bengal).

The pipeline is a part of 'Hydrocarbon Vision 2030'. The Hydrocarbon Vision 2030 envisions doubling the production of oil and natural gas in the north-east and promoting trade between the region and the neighboring SAARC countries. ONGC Board has approved a plan to invest Rs 5,050 crore by 2022 to explore more gas in Tripura.

15. Sri Lanka and China sign a tripartite agreement to construct Financial City Center in Colombo

Sri Lanka and China signed a tripartite agreement to construct the Colombo International Financial City (CIFC) formerly known as the Colombo Port City. The agreement was signed between Sri Lanka's Urban Development Authority, the Ministry of Megapolis and Western Development and the China Harbour Engineering Company.

The project would transform Sri Lanka into an international financial hub in the Indian Ocean region. The project is expected to create thousands of jobs in the country.

16. Zambian President Edgar Lungu re-elected

Zambian President Edgar Lungu, leader of the Patriotic Front (PF), won the re-election but the result was immediately challenged by his main opponent Hakainde Hichilema of the United Party for National Development (UPND).

Lungu won 50.35 percent of votes against 47.67 percent for Hichilema. Lungu's re-election will see him remain in power for another five-year term. The election was fought around the issues of rising unemployment, mine closures, power shortages and high inflation.

17. First SAARC Youth Parliamentarians Conference begins in Islamabad

The first two-day (from August 16 to 18, 2016) South Asian Association for Regional Cooperation (SAARC) Youth Parliamentarians Conference on 'Peace and Harmony for Development' was held in Islamabad, Pakistan. The conference is being jointly hosted by National Assembly of Pakistan and Pakistan Institute for Parliamentary services.

The conference is aimed at offering 'young parliamentarians' narrative' in the run up to the 19th SAARC Summit scheduled in Pakistan in November. 50 Members of Parliament from SAARC countries are taking part in the conference. Indian delegation includes Kalikesh Narayan Singh Deo, Alok Tiwari and Devisingh Patel.

18. China, ASEAN countries agree to form South China Sea framework

China and ten members of Association of Southeast Asian Nations [ASEAN] have agreed to form a framework for a code of conduct to ease tension in the disputed South China Sea. They also agreed to set the sea rules and guidelines for a hotline for use during maritime emergencies for avoiding conflict.

Chinese Vice Foreign Minister Liu Zhenmin said documents on the hotline and unplanned encounters would be presented for final approval to leaders in Laos next month at a meeting between China and ASEAN members.

19. India and Bangladesh to jointly make films on 1971 war, Sheikh Mujibur

India and Bangladesh will jointly produce a documentary on the 1971 War of Independence of Bangladesh. India will also facilitate the production of a "mega movie" by Bangladesh to mark the 100th birth anniversary of its Father of the Nation Bangabandhu Sheikh Mujibur Rahman in 2020.

Also, All India Radio would be launching an exclusive service for Bangladesh and Bengali diaspora titled "Akashvani Maitree" on August 23. The proposed documentary would commemorate the 50th year of Bangladesh Independence in 2021.

20. World's Longest, Highest Glass Bridge to Open in China

The world's longest and highest glass bridge will open to visitors on 20th of August in Zhangjiajie, Hunan Province, central China. The bridge is 430 metres long and 300 metres high. It is 6-meter wide and paved with 99 panes of three-layer transparent glasses.

The bridge has set 10 world records spanning its design and construction. The construction was completed in December 2015. A maximum of 8,000 visitors are allowed to cross the bridge every day.

21. World's largest aircraft embarks maiden flight

The world's largest aircraft, Airlander 10, started on its maiden flight in Cardington, central England. It is a hybrid airship i.e. it is a partly plane and partly airship filled with helium gas. It is 92-metre-long and 43.5m wide.

It can fly at up to 4,880 metres and reach speeds of 148 kilometres per hour. It can also carry a 10-tonne payload. It is made by Hybrid Air Vehicles in United Kingdom.

22. MoU signed between Indian Oil Corporation Limited and the Roads and Highways Department of Bangladesh

Indian Oil Corporation Ltd (IOCL) and the Roads and Highways Department of People's Republic of Bangladesh signed a Memorandum of Understanding in Dhaka. The MoU enables IOCL to send its trucks carrying Motor Spirit, High Speed Diesel, Superior Kerosene Oil & Liquefied Petroleum Gas from Meghalaya to Tripura via territory of Bangladesh.

The validity of this facility is till end September, 2016. Both sides have also agreed to extend the transit facility for a further short period on need basis.

23. Alibaba Group launches 'million books' donation drive in India

Chinese e-commerce giant Alibaba Group along with Crossword and Ratna Nidhi Charitable Trust has launched 'Mission Million Books' in India. It is a pan-India initiative inviting people to donate textbooks and educational material to empower those who are underprivileged.

The Alibaba Group would donate over 50,000 books to the campaign. The collected material will be distributed to more than 2,500 educational institutions across India. The campaign, which will run till September 16, also supports the government's efforts to enable access to quality education for all.

24. India pledges Nepali Rs 3.9 Cr for upgrading Sanskrit school in Nepal

India has pledged financial assistance worth Nepali Rs 39.97 million for the construction of a new building and a hostel facility at a Sanskrit school in Ilam district of Nepal.

A tripartite agreement between the Indian Embassy, the Local Development Officer, Ilam District, and Principal of Shree Saptmai Gurukul Sanskrit Vidhyashram Secondary School was signed in this regard which is a part of India-Nepal Economic Cooperation Programme.

25. Myanmar to support China’s OBOR, BCIM initiatives

Myanmar has officially announced to support China’s ambitious One Belt and One Road (OBOR) connectivity initiative along the ancient Silk Road. Myanmar also extended its support to the Bangladesh-China-India-Myanmar (BCIM) economic corridor meant to industrialise a stretch spanning more than 2,000-km. BCIM corridor links Kunming in China with Mandalay in Myanmar and passes through Bangladesh and ends at Kolkata in India.

President Xi Jinping pledged to promote the China-Myanmar comprehensive strategic cooperative partnership and bring more tangible benefits to the people of both countries. Myanmar's State Counsellor Aung San Suu Kyi was in China for a five-day official visit.

26. Philippines' President Duterte threatens to quit UN

Philippine President Rodrigo Duterte railed against the United Nations after it called for an end to the wave of killings unleashed by his war on drugs. He threatened to leave the organization. Duterte also said the Philippines will invite China and African nations to form another global organization in place of United Nations, as world body is not doing enough to address hunger and terrorism.

Two UN human rights experts last week urged Manila to stop the extra-judicial executions and killings that have escalated since Duterte won the Presidency.

27. India increases USD\$ 1 million grant to Zimbabwe

External Affairs Ministry extended a grant of USD one million to Zimbabwe as a part of first phase of assistance, co-operating to an appeal made by the African nation to deal with severe drought caused by El Nino phenomenon. Major agricultural sector has been destroyed by warming of sea surface temperatures in the Pacific Ocean.

An estimated 2.4 million people are now facing food crisis in the country. India will help the African nation by donating 500 metric tonnes of rice as part of the second phase of assistance.

28. China inaugurates its first EMU technology bullet trains of 350 kmph speed

China's first passenger train using Electric Multiple Units technology with 350 kmph speed was inaugurated from Dalian for Shenyang, capital of northeast China's Liaoning. It is the first passenger service using China Standard Electric Multiple Units (EMU) trains with the latest exterior design and less energy consumption.

China's EMU fleet of 2,470 trains is the world's largest, and the total length of high-speed track in the country - 19,000 km - represents 60 per cent of the global total.

29. First Ever Festival of India in Australia

The Festival of India will be held from August to November 2016 in seven cities across Australia. It will present some of the finest elements of India's classical and contemporary culture through a variety of dance, music, theatre, visual arts and textiles.

The Festival is being organized under the aegis of the Ministry of Culture with the support of ICCR and India Tourism. It has also received local support. The Festival is coordinated by the High Commission of India in Australia.

30. 'Shankhachil' selected for Montreal Film Festival

National award-winning film "Sankhachil" has been selected for the coveted 40th Montreal World Film Festival. The film essays the pain and anguish of people living on both sides of the border following the partition of Bengal. Directed by Goutam Ghosh and starring Prosenjit Chatterjee, the film is an Indo-Bangla joint production.

The Montreal World Film Festival is one of Canada's oldest international film festivals. The public festival is held annually in late August in the city of Montreal in Quebec.

31. Indo-Canadian Sikh MP becomes Canada's 1st woman House leader

Indo-Canadian Sikh MP Bardish Chagger has been named as the new Leader of the government in Canada's House of Commons. She became the first woman to hold the post in the country's history and guiding government legislation through Parliament. She replaces Dominic LeBlanc.

Ms Chagger currently holds the portfolio of Minister of Small Business and Tourism. She was among 19 Indian-origin candidates who won in last year's general election. She is an MP from Waterloo.

32. PM Narendra Modi, Afghanistan President Ashraf Ghani jointly inaugurate the restored Stor Palace in Kabul

Prime Minister Narendra Modi jointly inaugurated the newly-restored Stor Palace in Kabul along with Afghan President Ashraf Ghani via video link. Work for the palace was completed through a public-private partnership with the Aga Khan Trust for Culture in four years.

The Stor Palace is located in the Afghanistan's Ministry of Foreign Affairs Campus in Kabul. The newly renovated and restored building will house the Afghanistan's Ministry of Foreign Affairs. Besides, it will also serve as the venue for hosting official domestic and international events by the Afghan government.

33. OIC to hold international conference for peace, reconciliation in Afghanistan

The Organisation of Islamic Cooperation, OIC, will hold an international conference of Islamic scholars in Makkah and Madina during October 8-10 to promote peace and reconciliation in Afghanistan. This was informed by the OIC Secretary-General, Iyad Ameen Madani, during a meeting with Afghan Chief Executive Dr. Abdullah Abdullah and Foreign Minister Syed Salahuddin Rabbani in Kabul.

Taliban have rejected the conference as an intelligence ploy and urged Ulema to stay away from the gathering.

34. Lithuania signs a contract to purchase German military vehicles worth 437 million US Dollar

Lithuania has signed a contract to purchase German military vehicles worth 437 million US Dollar. It is the largest weaponry purchase in the history of Baltic country having a population of nearly 2.9 million.

The deal was signed for purchase of 88 armored Boxer cars. The agreement comes amid growing tensions over neighboring Russia's increased military presence in the Baltic Sea region.

35. US Postal Service honors Diwali Festival with a Forever Stamp

The U.S. Postal Service will commemorate the joyous Hindu festival of Diwali with a Forever stamp. The first-day-of-issue dedication ceremony of the Forever Stamp will take place at the Consulate General of India, New York on 5 October 2016.

The stamp design is a photograph featuring a traditional diya oil lamp beautifully lit, sitting on a sparkling gold background. The Diwali stamp is being issued as a Forever stamp. This Forever stamp will also be equal in value to the current First Class Mail 1-ounce price.

36. Colombian government & rebel group FARC sign historic peace accord

Colombian government and the rebel group Revolutionary Armed Forces of Colombia, FARC, have signed a historic peace accord, putting an end to more than five decades of conflict. The agreement was signed by the head of the Colombian delegation, Humberto de la Calle, and the chief FARC negotiator, Ivan Marquez in the Cuban capital Havana.

As per the terms of agreement, FARC will give up its armed struggle and join the legal political process. The left-wing rebels have been fighting Colombian government since 1964. The conflict has killed an estimated 220,000 people and displaced millions.

37. BRICS Disaster Risk Reduction meet adopts Udaipur Declaration

A two-day meeting of BRICS Ministers on Disaster Management concluded in Udaipur, Rajasthan with the adoption of the Udaipur Declaration. It has been resolved to set up a dedicated Joint Task Force for Disaster Risk Management for regular dialogue, exchange, mutual support and collaboration among BRICS Countries.

The roadmap for implementation of the three-year Joint Action Plan (JAP) for BRICS emergency services (2016-18) was also finalized. Through JAP, the countries will work together on exchange of Information on disaster management, research & technology exchange on forecasting and early warning for floods.

38. China's unmanned submersible sets new national record

China's unmanned submersible, "Haidou-1" has dived to a depth of 10,767 metres at the Mariana Trench in the West Pacific during a scientific expedition from June 22 to Aug. 12, setting a new record for the country. The Mariana Trench is the deepest area in the world.

China became the third country after Japan and the United States to have built submersibles capable of reaching depths in excess of 10,000 meters. It will enable China to explore ocean beds for minerals and other natural resources.

39. Toxic gas leak at Bangladesh fertilizer unit sickens 250 people

About 250 people, including children, have fallen sick and hundreds of residents have been evacuated from their homes after a toxic gas, Di-ammonium phosphate (DPA), leak from the DAP Fertilizer Company Limited on the bank of Karnaphuli river in Bangladesh's port city of Chittagong.

At the time of the incident, the amount of ammonia in the air was recorded at 600ppm (parts per million) whilst workers at the factory can tolerate conditions with ammonia gas up to 25ppm.

40. World's first driverless taxis launched in Singapore

Singapore became the first country in the world to launch a self-driving taxi service. The taxis were operated by nuTonomy, an autonomous vehicle software startup. nuTonomy invited a select group of people to download their app and ride for free in its "robo-taxi" in a western Singapore hi-tech business district, hoping to get feedback ahead of a planned full launch of the service in 2018.

NuTonomy's test vehicles, a Renault Zoe and Mitsubishi i-MiEV electric car, will have a computer engineer and backup human driver during the trial phase in case anything goes wrong.

41. President of Myanmar U Htin Kyaw arrived on 4-day visit to India

President of Myanmar U Htin Kyaw arrived on a four-day visit to India to step up overall bilateral engagement with a major focus on ensuring better management of Indo-Myanmar border as well as to boost trade ties. This is the first presidential visit from Myanmar after Nobel laureate Aung San Suu Kyi's National League for Democracy (NLD) assumed power in March this year.

Myanmar, considered one of India's strategic neighbors, shares a 1,640-km-long border with a number of northeastern states including Nagaland and Manipur.

42. India and the United States Sign the Logistics Exchange Memorandum of Agreement (LEMOA)

India and the United States have signed the Logistics Exchange Memorandum of Agreement (LEMOA) in Washington DC, USA. LEMOA is a facilitating agreement that establishes basic terms, conditions, and procedures for reciprocal provision of Logistic Support, Supplies, and Services between the armed forces of India and the United States.

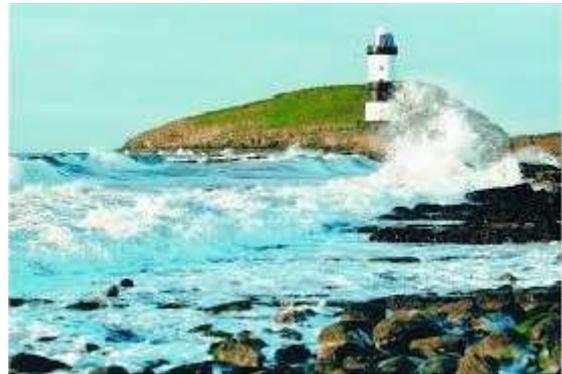

Logistic Support, Supplies, and Services include food, water, billeting, transportation, petroleum, medical services, training services, calibration services, and port services. The Agreement will significantly enhance

the operational capacity of the Indian Armed Forces, including in their response to humanitarian crises or disaster relief.

43. Memorandum of Agreement signed between IALA and DGLL

A Memorandum of Agreement (MoA) was signed between the IALA (The International Association of Marine Aids to Navigation and Lighthouse Authorities), Paris, France and DGLL (Directorate General of Lighthouses & Lightships) at Kuala Lumpur, Malaysia. With the signing of this MoA, the DGLL Training Centre at Kolkata will be in position to deliver a professional training course on the management of marine aids to navigation in line with IALA model course itself.

Directorate General of Lighthouses & Lightships (DGLL) is primarily responsible for providing "Aids to Navigation service" for safety of mariners in the Indian waters.

NATIONAL

1. Centre to organize 'Make in India' conference in Bhubaneswar in December

The Central government has proposed to organize a 'Make in India' conference in Bhubaneswar in the first week of December 2016, to be organized by the Department of Industrial Policy and Promotion (DIPP), Ministry of Commerce and Industry in order to attract investment to Odisha as well as the country.

Make in India is an initiative launched by the Government of India to encourage multi-national, as well as national companies to manufacture their products in India. India received US\$63 billion in FDI in 2015.

2. Railway Minister flags off maiden Agartala-Delhi broad-gauge rail line

Union Railway Minister Suresh Prabhu flagged off the maiden broad gauge train service, Agartala-New Delhi 'Tripura Sundari Express'. The cost of the project is Rs 968 crore.

Also, the foundation stone for the much awaited railway track to link Agartala to Akhaura in Bangladesh was jointly laid at the programme by Prabhu and his Bangladeshi counterpart Mujibul Haque. The railway ministry has released Rs 568 crore for the Agartala-Akhaura rail link. Laying of the 15.054km rail track will be completed by 2017. Of the total track, only 5km will be on the Indian side and the rest in Bangladesh.

3. Parliament passes NIT, Science Education & Research Bill

Parliament has passed the National Institutes of Technology, Science Education and Research (Amendment) Bill, 2016 after Rajya Sabha approved it. The Lok Sabha has already cleared the Bill.

The Bill seeks to establish the National Institute of Technology (NIT), Andhra Pradesh as an institute of national importance under the National Institutes of Technology, Science Education and Research (NITSER) Act, 2007. For the current year, an amount of 40 crore rupees have been allocated for the establishment of the Institute.

4. Parliament passes Indian Medical Council Amendment Bill 2016

Admission to medical and dental courses across the country will be done through a single common entrance test from next year after Parliament approved two significant bills for putting NEET in place. The Indian Medical Council (Amendment) Bill, 2016 and the Dentists (Amendment) Bill, 2016 were passed by the Rajya Sabha by voice vote. The Lok Sabha has already passed it.

The bills seek to amend the Indian Medical Council Act, 1956 and the Dentists Act, 1948. The Bills provide for conduct of uniform entrance examination for admission to all medical educational institutions at the undergraduate and post-graduate courses from next year.

5. Govt. caps prices of 24 essential drugs

Drug pricing regulator National Pharmaceutical Pricing Authority has capped the prices of 24 essential drugs under Drugs (Price Control) Amendment Order, 2016 used for treatment of cancer, HIV, bacterial infections, anxiety and cardiac conditions, reducing the cost by an average of around 25%. NPPA also capped the retail price of 31 formulations under Drug Prices Control Order, DPCO 2013.

The government fixes the prices of essential drugs based on the simple average of all medicines in a particular therapeutic segment, having sales of more than 1 per cent.

6. CVC red-flags setting up of NGOs by employees of public sector banks

The Central Vigilance Commission has red-flagged the setting up of NGOs by employees of public sector banks. The move comes as the Commission observed instances of associations and organizations, formed or patronized by employees, their spouses, obtaining donations from contractors, vendors, customers or other persons having commercial relations or official dealings with the public sector banks and enterprises.

All Chief Vigilance Officers, CVOs of public sector banks and enterprises have been asked to take necessary action in case they come across such instances.

7. Lok Sabha passes bill on Reconstruction of Financial Assets

The Lok Sabha passed the Enforcement of Security Interest and Recovery of Debts Laws and Miscellaneous Provisions (Amendment) Bill, 2016. The bill seeks to amend four laws -- the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002; the Recovery of Debts due to Banks and Financial Institutions Act, 1993; the Indian Stamp Act, 1899; and the Depositories Act, 1996.

The Bill simplifies the procedures by which there will be a quick disposal of claims of banks and financial institutions. It will empower the Reserve Bank of India (RBI) to examine the statements and any information of Asset Reconstruction Companies related to their business.

8. NGRBA approved Rs 400 crore for Ganga rejuvenation projects

National Ganga River Basin Authority (NGRBA) approved several projects worth Rs 400 cr, including that for the development of ghats, crematoria and riverfront along river Ganga, under the Centre's ambitious Namami Gange programme.

The projects include development of ghats and crematoria in the stretch from Rudraprayag to Guptkashi in Uttarakhand; Kanpur, Allahabad, Bithoor and Bijnor (on Ramganga) in Uttar Pradesh; Kahalgaon in Bihar; Sahibganj and Rajmahal in Jharkhand and Bhatpara and Naihati in West Bengal. Under the 'Namami

Gange' programme, the central government had sanctioned Rs 20,000 crore for five years during the 2015-2020 period.

9. Government launches performance and credit rating scheme for MSMEs

The MSME Ministry has launched the "Performance and Credit Rating Scheme" through National Small Industry Corporation Limited to assess the capabilities and creditworthiness of the industries in the sector. It will provide the MSMEs a trusted third party opinion on their capabilities and creditworthiness so as to create awareness about the strengths and weaknesses of their existing operations.

The new scheme of Financial Support to MSMEs in Zero Defect Zero Effect Certification has been approved in which the MSMEs will be assessed on ZED Maturity Model on 50 parameters.

10. India to host international summit on tobacco-control

India will host a global summit to eliminate the illicit trade of tobacco products. 1000-1500 delegates from 180 countries will take part. India will host the 7th session of the Conference of the Parties (COP7) to the WHO Framework Convention on Tobacco Control (WHO-FCTC).

The summit is scheduled from November 7-12 at the Indian Exposition Mart in Noida. India has ratified FCTC in 2004 and is a party to it. Also, according to the Indian Council of Medical Research - National Cancer Registry data, the estimated number of cancer cases in the country stood at 14.5 lakh in 2016.

11. Parliament passes Institutes of Technology (Amendment) Bill

Parliament has passed the Institutes of Technology (Amendment) Bill- 2016 to set up six new Indian Institutes of Technology (IITs) after Rajya Sabha approved it. The new IITs will be established in Tirupati, Palakkad, Goa, Dharwad, Bhilai and Jammu. Besides the Indian School of Mines, Dhanbad has been brought within the ambit of the IIT Act.

The Bill seeks to amend the Institutes of Technology Act, 1961, which declares certain Institutes of Technology as institutions of national importance.

12. Drip and Sprinkler Irrigation Being Promoted Under “Per Drop More Crop” Component

Drip and sprinkler irrigation systems are being promoted under “Per Drop More Crop” component of Pradhan Mantri Krishi Sinchayee Yojana (PMKSY). Under the scheme, 15% additional assistance is provided to small and marginal farmers for installation of micro irrigation systems compared to other farmers for area covered under Drought Prone Area Programme (DPAP), Desert Development Programme (DDP) and North Eastern and Himalayan States and 10% for other areas.

During the last three years (2013-14 to 2015-16), 14.3 lakh hectare area have been covered under drip and sprinkler irrigation systems.

24. Lok Sabha passes Employee's Compensation (Amendment) Bill

The Lok Sabha unanimously passed the Employee's Compensation (Amendment) Bill - 2016. The Bill seeks to amend the Employee's Compensation Act- 1923 which provides payment of compensation to employees and their dependents in the case of injury by industrial accidents, including occupational diseases. The amendment bill makes it obligatory for the employer to inform the employee of his rights to compensation, in writing as well as through electronic means.

The bill provides for raising the penalty for violation of the Act to 50 thousand rupees from five thousand rupees as at present.

25. NHAI Signs MOU with IIT- Kharagpur for Research Project on Paneled Cement Concrete Pavements for Highways

National Highways Authority of India (NHAI) has signed Memorandum of Understanding (MOU) with IIT-Kharagpur for research project on Laboratory and Field investigations on Paneled Cement Concrete Pavements for Highways. The duration of the research project is 3 years and NHAI have paid Rs. 1.25 crore for the project, excluding cost of construction of trial pavement section on NH.

NHAI in collaboration with IIT Kharagpur shall promote to develop a technology to construct Panelled Cement Concrete (Pre-fabricated in a small panel size) which can replace the design of construction of existing cement concrete road.

26. Rajya Sabha passes Enforcement of Security Interest and Recovery of Debts Laws Amendment Bill, 2016

The Enforcement of Security Interest and Recovery of Debts Laws and Miscellaneous Provisions (Amendment) Bill, 2016, was passed by Rajya Sabha. The amendments are aimed at faster recovery and resolution of bad debts by banks and financial institutions and making it easier for asset reconstruction companies (ARCs) to function.

The Bill seeks to amend four laws: (i) Securitisation and Reconstruction of Financial

Assets and Enforcement of Security Interest (SARFAESI) Act, 2002 (ii) Recovery of Debts due to Banks and Financial Institutions Act (RDDBFI), 1993 (iii) Depositories Act, 1996 and (iv) Indian Stamp Act, 1899.

27. First Unit of Kudankulam Nuclear Power Plant dedicated to the nation

The first unit of Kudankulam Nuclear Power Plant was jointly dedicated to the nation by Tamil Nadu Chief Minister Jayalithaa, Prime Minister Narendra Modi and Russian President Vladimir Putin through video conferencing.

The KNPP had been set up using the Russian VVER type reactors based on enriched uranium. The first unit of Kudankulam power plant is generating its full capacity of 1000 megawatts of electricity. The unit was synchronized with the southern power grid in 2013 and commercial power generation started by the end of December 2014.

28. First Solar Power India commissions 130 MW of solar power plants in AP, Telangana

First Solar Power India announced the commercial operation of 80 MW and 50 MW solar power plants in Andhra Pradesh and Telangana. These projects are a part of its 260 MW project portfolio. First Solar Power India is the local subsidiary of the Nasdaq-listed First Solar.

The 130 MW plants will produce energy to power around 2,27,500 average homes in the country. The electricity generated by the two projects will be purchased by the Southern Power Distribution Company of Andhra Pradesh and the Telangana State Southern Power Distribution Company under 25-year power purchase agreements.

29. Lok Sabha clears Taxation Laws (Amendment) Bill, 2016

The Lok Sabha on Wednesday passed the Taxation Laws (Amendment) Bill, 2016. The bill, which will amend the Income Tax Act, 1961, and The Customs Tariffs Act, 1975, seeks to exempt land banks of erstwhile public sector undertakings from levy of capital gains tax when transferred to the government.

The bill decreases the period of employment of an employee of the businesses which manufacture apparel from 240 days to 150 days. The Bill also proposes to increase the existing customs duty on imports of granite and marble blocks used for certain purposes from 10 percent to 40 percent.

granite and marble blocks used for certain purposes from 10 percent to 40 percent.

30. Govt notifies 'Early Childhood Care and Education' policy

Government has notified the national 'Early Childhood Care and Education' policy, which aims to achieve holistic development of children below six years of age. The early Childhood Care and Education' policy is one of the six free services provided through Anganwadi centres located across the country.

A UNICEF Survey indicated that 34 per cent of Muslim and 25 per cent of Christian children below six years do not attend pre-school.

31. CCEA approves proposal of R&D project for development of AUSC Technology for Thermal Power Plants

The Cabinet Committee on Economic Affairs has approved a proposal of research and development project for development of Advanced Ultra Super Critical Technology for Thermal Power Plants. The estimated cost of the project is 1554 crore rupees.

BHEL will be provided one-time budgetary support of 900 crore rupees for implementation of the project. This will enable domestic industries to design, manufacture and commission higher efficiency coal fired power plants. This will be the first time that a large power plant equipment will be manufactured with advanced technologies, but without any technological Collaboration and Licensing Agreement with foreign companies.

This will be the first time that a large power plant equipment will be manufactured with advanced technologies, but without any technological Collaboration and Licensing Agreement with foreign companies.

32. Cabinet approves MoU between India, S Africa for cooperation in the field of Tourism

The Union Cabinet has given its ex-post facto approval for a Memorandum of Understanding between India and South Africa for cooperation in the field of Tourism. The main objectives of the MoU is to expand bilateral cooperation in the tourism sector and to exchange information and data related to tourism.

The Cabinet has also given its approval for signing and ratification of an agreement between India and Croatia on economic cooperation. The aim of this agreement is to promote and develop bilateral trade and economic relations.

33. Cabinet approves various Bills

Cabinet has approved introduction of pension and post-retirement medical benefits for the employees of Food Corporation of India (FCI). It has also given its nod to amend regulation for foreign investment in Non- Banking Finance Companies. Amending the regulations will enable inflow of foreign investment in other financial services on automatic route which in turn will induce foreign direct investment and give a spurt to economic activities.

Cabinet has given ex-post facto approval to introduction of Lokpal Bill 2016, to amend Section 44 of Lokpal and Lokayuktas Act 2013. The amendments will address concerns expressed by public servants.

34. Niti Aayog inks pact with US EIA to set up portal on energy data

Niti Aayog has inked a pact with US Energy Information Administration (EIA) in a step towards setting up a portal to host all the data related to energy sector in the country which would take 3-4 years to develop. The web portal will host data including oil & gas, coal, solar & thermal energy etc.

Niti Aayog also inked an SOP with US Agency for International Development (USAID) and UK's Department of Energy & Climate Change (DECC) for collaboration in the area of energy research.

35. IRCTC signs MoU with DRDO to get ready-to-eat food in railways

Indian Railway Catering and Tourism Corporation (IRCTC) has started sale of Ready-to-Eat food packets at some of the Railway stations on trial basis. During the trial period the MRP has been kept at ₹ 40/- per packet for all items.

IRCTC has signed a Memorandum of Understanding (MoU) with Defence Food Research Laboratory of Defence Research and Development Organization (DRDO) for Transfer of Technology of Retort Pouch Processed Foods so that ready-to-eat food can be warmed and eaten straight out of the packet.

36. Union Cabinet approves Agreement between the India and Croatia on Economic Cooperation

The Union Cabinet has given its approval for signing and ratification of an Agreement between India and Croatia on Economic Cooperation. Signing of the new Agreement between India and Croatia would be a step in continuity as the existing Agreement expired in November, 2009.

India's bilateral trade with Croatia during 2012-13, 2013-14 and 2014-15 were US\$ 152.01million, US\$ 148.86 million and US\$ 205.04 million respectively. The average bilateral trade growth was 17.44% during the last three years.

37. Jaitley launches data bank portal of MSMEs

Finance Minister Arun Jaitley launched a data bank Portal of micro, small and medium enterprises, MSME in New Delhi. The portal aims to gather information about micro, small and medium enterprises. A census of MSMEs online will be carried out for the first time through the data bank.

An Online Finance Facilitation Web Portal was also launched to provide collective funding options for MSMEs. Six Online Finance Facilitation Centres in Jalandhar, Ludhiana,

Guwahati, Lucknow, Peenya near Bangaluru and Delhi have been opened and six more will be unveiled in the near future.

38. Parliament passes Central Agricultural University Bill

Parliament has passed the Central Agricultural University Bill with the Rajya Sabha adopting it by voice vote without discussion. The bill seeks to amend the Central Agricultural University Act, 1992, which was enacted for the establishment and incorporation of a university for the northeastern region.

The main Act provides for the establishment of a University in the north eastern region for the development of agriculture, and advancement of research in agriculture and allied sciences. The amendment brings Nagaland under the ambit of Central Agricultural University. The Lok Sabha has already passed it.

39. Rajya Sabha passes Maternity Benefits (Amendment) Bill, 2016

The Rajya Sabha has passed the Maternity Benefits (Amendment) Bill, 2016. The new legislation will benefit 18 lakh women workforce in the country. The proposed amendments are:

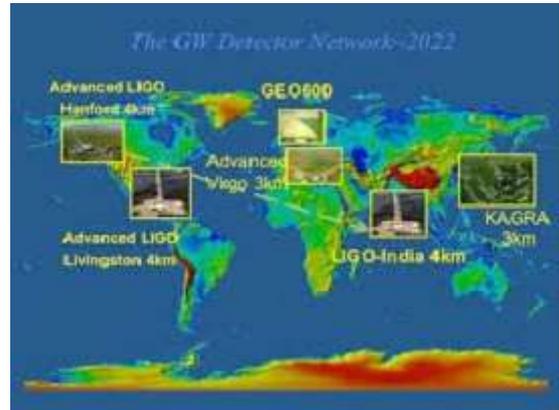

- Increase Maternity Benefit to 26 weeks from 12 weeks for two surviving children and 12 weeks for more than two children.
- Mandatory 12 weeks Maternity Benefit to 'Adopting mother' and 'Commissioning mother'.
- Facilitate Work from home for women during the time of her maternity.
- Mandatory for establishment having 50 or more employees to have Creche.

It applies to every establishment employing ten or more persons and includes mines and factories. No employer can remove any woman employee on the ground of pregnancy.

40. Funds for LIGO-India Project

The Government has given 'in-principle' approval for setting up Laser Interferometer Gravitational Wave Observatory (LIGO) in India. The LIGO-India project will establish a state-of-the-art gravitational wave observatory on the Indian soil in collaboration with the LIGO Laboratory in the U.S. run by Caltech and Massachusetts Institute of Technology.

An amount of Rupees 105 crore has been made in XII Plan outlay by Department of Atomic Energy (DAE)-Department of Science & Technology (DST) towards LIGO-India. Out of which, the share of contribution of DST will be Rupees 55 crore including 50% of seed-funding amount of Rupees 9.70 crore and DAE's share would be Rupees 50 crore.

41. India's first touch-and-feel garden for visually impaired

A touch and feel garden for the visually impaired people was inaugurated near Calicut University campus by Kerala Assembly Speaker P Sreeramakrishnan.

A first-of-its-kind, the garden has nearly 70 aromatic, medicinal and herbal plants. The visually impaired will also get information about them through audio inputs. It has been constructed in a year with an aid of Rs 17 lakh from the Environment Ministry. The names of the plants are written in English, Malayalam and in Braille.

42. Hindustan Copper Limited inaugurates country's first facility to produce nickel at Ghatsila

Hindustan Copper Limited (HCL) has inaugurated the country's first facility to produce nickel. This is the first facility in India to produce nickel metal of LME grade from primary resource at Indian Copper Complex, Ghatsila (Jharkhand).

India is completely dependent on import for Nickel. The metal is primarily used to make stainless steel and Annual demand for pure nickel in India is around 45,000 tonne. The

proposed project will replace the age-old process of liberator cell operation with EMEW & APU technology in the Refinery.

43. BARC and Sree Chitra Tirunal Institute for Medical Sciences & Technology sign MoU for joint development of Deep Brain Stimulator

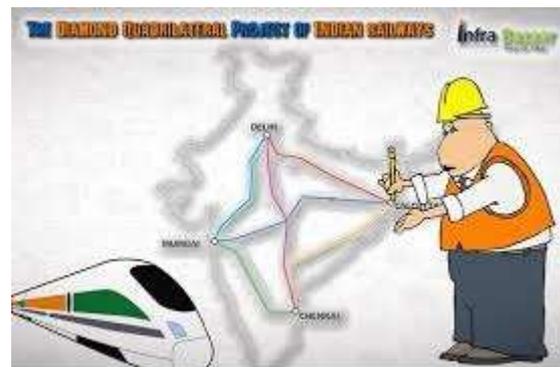

Bhabha Atomic Research Centre and Sree Chitra Tirunal Institute for Medical Sciences & Technology (SCTIMST), Thiruvananthapuram have agreed to join hands to develop 'Deep Brain Stimulator' (DBS). DBS is used in typical neurological conditions of Essential tremor, Parkinson's disease and Dystonia. These devices are currently being imported.

The 1st prototypes are planned to be available in 3 years.

44. Diamond Quadrilateral Network in Indian Railway

Six corridors on Diamond Quadrilateral connecting metropolitan cities and growth centers of the country (Delhi, Mumbai, Chennai & Kolkata) have been identified for feasibility studies for high speed rail connectivity viz: (i) Delhi-Mumbai, (ii) Mumbai-Chennai, (iii) Chennai-Kolkata, (iv) Kolkata-Delhi and both diagonals i.e. (v) Delhi-Chennai and (vi) Mumbai-Kolkata routes.

Feasibility studies for Delhi-Mumbai, Delhi-Kolkata and Mumbai-Chennai have been awarded in September, 2015. Feasibility studies for Delhi-Nagpur portion of Delhi-Chennai corridor and Mumbai-Nagpur portion of Mumbai-Kolkata corridor are being undertaken through Government to Government cooperation, with China and Spain respectively.

45. Govt approves 5 projects worth Rs 644 crores to decongest capital city

Union Urban Development Minister M Venkaiah Naidu declared sanction of 644 crores rupees in the financial year 2016-17 for five projects of Delhi government to decongest the city, which includes construction of flyover and underpass connecting Mahipalpur, Aerocity, Airport and NH-8; and construction of flyover-cum-road over-bridge near Narela for providing direct access from NH-1 to Bawana Industrial Complex.

It has been decided to develop a skywalk and foot overbridge near ITO for safety of pedestrians and a 1.6-km-long Grade separator at Rani Jhansi Road.

46. Allocation under BBBP Scheme

The total allocation being made for Beti Bachao Beti Padhao scheme in the Union Budget for Financial Year 2016-17 is Rs. 100 Crore. Under BBBP scheme an amount of Rs. 24.58 lakh is allocated for carrying the State level activities. Also for the district level activities an amount of Rs. 65.01 lakh is allocated.

The overall objective of the Beti Bachao Beti Padhao (BBBP) Scheme is to improve declining Child Sex Ratio in the country and create an enabling environment for the education of the girl child and this requires long-term attitudinal change.

47. No Rail Budget from next fiscal

Finance Ministry Arun Jaitley has accepted Railway Minister Suresh Prabhu's proposal to merge the Railway Budget with the General Budget. With this the 92-year-old practice of presenting a separate Rail Budget is set to come to an end from the next fiscal.

The Finance Ministry has hence constituted a 5-member committee to work out the modalities for the merger and has been asked to submit its report by August 31. The idea was

mooted by a committee headed by NITI Aayog member Bibek Debroy. As a result, Indian Railway will get rid of the annual dividend it has to the government every year.

48. Aadhaar-linked eSignDesk facility introduced to sign documents digitally

One of online start up LegalDesk.com has come up with unique electronic signing facility eSignDesk that allows people to sign documents digitally from remote places. This e-signature cannot be forged and can be lawfully authenticated. The main objective behind introduction of such facility by Union government is to save time and introduce eco-friendly measures, where a billion Aadhaar card holders exist.

E-sign facility will be available on www.eSignDesk.com and will be offered for free of cost to the first 1000 users.

49. Health Minister launches MAA programme to reduce the under-five mortality of children

Shri J P Nadda, Union Minister of Health and Family Welfare launched a flagship programme 'MAA' (Mothers Absolute Affection) to ensure adequate awareness among masses, especially mothers, on the benefits of breastfeeding. Ministry is launching MAA- Mother's Absolute Affection'' to create an enabling environment to ensure that mothers, husbands and families receive adequate information and support to promote breastfeeding practices.

Around 20% newborn deaths and 13% under-five deaths can be prevented by early initiation of breastfeeding. The programme has been named 'MAA' to signify the support a lactating mother requires from family members and at health facilities to breastfeed successfully.

50. Centre constitutes committees to recruit and fill vacancies in 6 new AIIMS

The newly set-up AIIMS at Jodhpur, Rishikesh, Bhopal, Patna, Bhubaneswar and Raipur are vacant for the required posts, due to which Centre has constituted separate committees to facilitate expeditious filling up of vacancies in the six new All India Institute of Medical Sciences (AIIMS).

1,297 faculty positions were advertised and selections held as a result of which 301 candidates were selected in all six AIIMS.

51. Govt sets up National Committee on Trade Facilitation

India has constituted the National Committee on Trade Facilitation (NCTF) to develop a pan-India road map for trade facilitation. It will be headed by Cabinet Secretary. NCTF is a mandatory and institutional arrangement under the WTO agreement. It will facilitate domestic co-ordination and implementation of Trade Facilitation Agreement (TFA) provisions.

The Trade Facilitation Agreement contains provisions for expediting the movement, release and clearance of goods, including goods in transit. It also sets out measures for effective cooperation between customs and other appropriate authorities.

52. Health Minister JP Nadda inaugurated AMRIT outlet at Safdarjung hospital

Union Minister Shri J P Nadda inaugurated the Affordable Medicines and Reliable Implants for Treatment (AMRIT) outlet at Safdarjung Hospital. The AMRIT retail outlets will sell drugs at highly discounted rates. These outlets have a very comprehensive list of medicines that are available across range of products.

Nine AMRIT Pharmacies have already been set up. The project has been floated in a tie-up with government-owned HLL Lifecare Ltd (HLL) which is mandated to establish and run the AMRIT chain of pharmacies across the country.

53. Smart Ganga City Scheme Launched in Ten Cities

Union Government launched Smart Ganga City Scheme in ten cities – Haridwar, Rishikesh, Mathura-Vrindavan, Varanasi, Kanpur, Allahabad, Lucknow, Patna, Sahibgunj and Barrackpore. National Mission for Clean Ganga (NMCG) has chosen these cities in the first phase for infrastructure development for sewage treatment. This will be on hybrid annuity mode based on PPP model.

In the hybrid annuity model, a part of capital investment (up to 40%) will be paid by Union Government through construction linked milestones. The balance amount will come through an annuity over the contract duration up to 20 years to ensure operational longevity of STPs.

54. SC lifts ban on sale of High-end Diesel cars in Delhi and NCR

A three-member Bench headed by Chief Justice TS Thakur of the Supreme Court lifted an eight-month-old ban on the registration of high-end diesel cars, including sports-utility vehicles (SUVs), with 2000 cc engines and above in Delhi and NCR.

However, the bench has put forward a condition that car manufacturers have to pay 1% of the ex-showroom price of the car as green cess, to be known as environment protection charge. The cess would be collected by the Central Pollution Control Board (CPCB).

55. 1st BIO-CNG project in India inaugurated in Pune

The first ever BIO-CNG project in India was inaugurated in Pune. The plant is commissioned by Primove Engineering Private Limited and will use agricultural residue to generate CNG which can be used in automobiles as fuel. The plant is located in Pirangut, Pune.

Bio-Fuel will help in reducing the import of diesel up to 50 %, thereby saving a huge amount of Foreign Exchange. Besides, this energy source is also cost effective and pollution free.

56. First rake of Oil train carrying petroleum products reaches Tripura

The first rake of Oil train carrying petroleum products in the Roll on- Roll off (RORO) mode was reached at Churaibari in Tripura. The rake was flagged off from Bhanga, near Silchar in Assam. This is the first such initiative of such kind in North east.

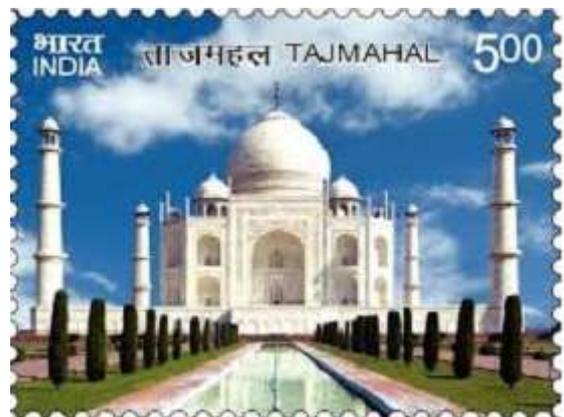

A total of 276 thousand liters of petroleum products like petrol, diesel and kerosene in 19 tank trucks and 14 metric tonnes of LPG were transported.

57. Govt releases commemorative postage stamp on Tourism

Minister of State Manoj Sinha released a commemorative postage stamp on Tourism in India on the occasion of 70th Independence day.

The theme tourism was selected on account of tourism sector being an economically important and rapidly growing industry. The minister said that tourism is fast emerging as one of the major sectors of the economy and generating huge employment opportunity across the country.

58. JP Nadda inaugurates AMRIT outlets in Shillong, Imphal & Jodhpur

Health Minister J P Nadda inaugurated Affordable Medicines and Reliable Implants for Treatment (AMRIT) outlets in Shillong, Imphal and Jodhpur. These outlets are aimed at reducing the expenditure incurred by common patients on treatment of cancer and heart diseases.

With this the number of AMRIT outlets has reached 12 across the country where more than 2141 drugs are being sold at a discount of more than 70%. The benefits of the AMRIT clinics are available for in-patients as well as out-patients in the hospitals where these outlets are located.

59. National Commission for Scheduled Caste Submits Three Reports to President of India

The National Commission for Scheduled Caste headed by Shri P.L. Punia, Chairman, Shri Rajkumar Verka, Vice-Chairman and Shri Raju Parmar, Shri Ishwar Singh, Smt. P.M. Kamalamma, Members have submitted the following reports on 16th August 2016 to the Hon'ble President of India.

The reports are –

1. Annual Report of NCSC 2015-16,
2. Report on the Effective Utilization of Funds under the Scheduled Caste Sub Plan (SCSP)-2016, and
3. Report on Atrocities against Kuravan community in Tamil Nadu-2016.

60. NMCG and IOC sign MoU for industrial use of treated water

Union Minister for Water Resources, River Development and Ganga Rejuvenation Sushri Uma Bharti laid the foundation of STP in Mathura which will provide treated water for industrial use. The STP will be built at a cost of Rs. 40 crore. A nine kilometer pipeline from Laxmi Nagar to Gokul barrage will carry the treated water to Mathura refinery.

An MoU was also signed to this effect between National Mission for Clean Ganga (NMCG) and Indian Oil Corporation (IOC). The use of pressure technology in irrigation would help save about 60 percent water of Ganga and Yamuna which will help to maintain good e-flow of water in these rivers.

61. ICHR plans to create encyclopedia of village-level folklore across the country

The Indian Council of Historical Research will document stories and legends relating to villages and towns across India into an encyclopedia to connect people better with the oral and folk traditions.

The other initiatives include study of the princely States of modern India and studies to fill the gaps between the Harappan civilization (the first Indian urbanization) and the 6 century BC (the second urbanization). ICHR would seek part funding by corporate houses for its projects.

62. Central Government decides to give Special Assistance of Rs. 1,976.50 crore to Andhra Pradesh during 2016-17

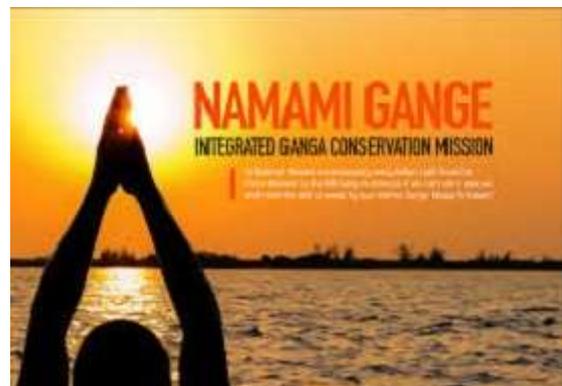

In order to fulfill its commitment to the people of Andhra Pradesh and to compensate the financial impact arising out of the bifurcation of Andhra Pradesh the Government of India has decided to provide further "Special Assistance" of Rs. 1,976.50 crore to the State during 2016-17.

Thus, with the current sanction of funds, the Central Government has so far provided Central assistance of Rs.8379.50 crore to the State.

63. IIT-Kanpur adopts five villages under Namami Gange programme

IIT-Kanpur has adopted five villages under the Namami Gange programme. Under the initiative, IIT-Kanpur will ensure sewage water is not disposed of in the river, and also keep a check on quality of drinking water and sanitation. The task will be undertaken by the institute's civil engineering department.

The five villages adopted by the institute are Ramel Nagar, Khoyra Katree, Pratapur, Hari Hindpur, and Katri Ladhva Khera. IIT-Kanpur is one of the 13 educational institutes directed by the Centre to adopt villages.

64. Union Government launched TARANG, e-Trans & DEEP to enhance transparency in power sector

The Union Government launched the 'TARANG' Mobile App, 'e-Trans' & 'DEEP' e-bidding web portals, developed by Rural Electrification Corporation Transmission Projects Company Limited (RECTPCL) to enhance transparency in power transmission sector of the country.

"Tarang" web portal can be accessed at www.tarang.website. It is a powerful monitoring tool that tracks upcoming transmission projects and monitor the progress of Inter-State & Intra-State transmission systems in the country. 'e-Trans' web platform for e-bidding and e-reverse auction for Tariff Based Competitive Bidding (TBCB) in transmission projects whereas 'DEEP (Discovery of Efficient Electricity Price) e-Bidding' portal for medium term (1-5 years) purchase of power.

65. Government caps prices of 22 essential drugs for treatment of cancer, HIV, bacterial infections and malaria

Government has capped the prices of 22 essential drugs used for treatment of cancer, HIV, bacterial infections and malaria among others reducing the cost in the range of 10 to 45 per cent. Drug price regulator National Pharmaceutical Pricing Authority, NPPA has also fixed the retail price of 13 formulations under Drug Price Control Order, DPCO 2013.

The government had notified the DPCO 2013, which covers 680 formulations, with effect from May 15, 2014, replacing the 1995 order that regulated prices of only 74 bulk drugs.

66. PM Narendra Modi to be new brand ambassador of Incredible India

Prime Minister Narendra Modi will be the new brand ambassador of Incredible India campaign. The Union Culture and Tourism Ministry, which runs the campaign, has picked PM Modi for the job after much deliberations.

Actor Aamir Khan was the last brand ambassador for the campaign. He was ousted following his remarks on the alleged intolerance in India. PM Modi emerged as the ideal choice due to his huge popularity and his

continuous foreign trips where he has been making efforts to have India's voice heard on globally.

67. KVIC approves hike in wages of Khadi Artisans

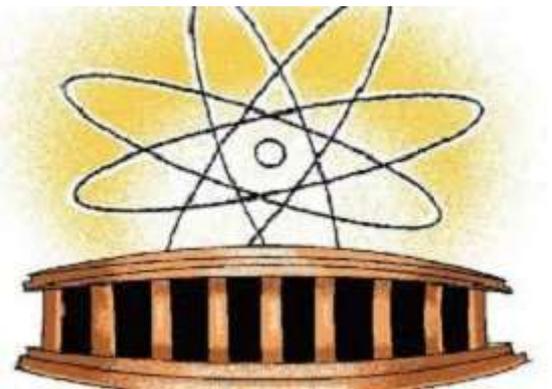

The Khadi & village Industries Commission (KVIC) has approved the wage hike as well as market Development Assistance of Khadi artisans from Rs. 90 to Rs 190 per day. The rates had been stagnant from April 1, 2014. The revised wages come into effect from April 1, 2016.

38. Kerala Government allocates Rs 10,000 crore for Govt schools

Kerala Govt has allocated Rs 10,000 crore for state-run and aided schools for the next 5 years. The IT@School project has been entrusted the responsibility of forming a special purpose vehicle (SPV) to oversee the programme.

As part of the drive, around 60,000 new hi-tech class rooms will be set up in all government and aided schools while about 1,000 schools will be elevated to international standards. The government has set aside Rs 450 crore for the first year of these two programmes.

39. India's first Crime Criminal Tracking Network System launched by Maharashtra government

The Maharashtra Government became first state in the country to launch India's first comprehensive 'Crime Criminal Tracking Network System' (CCTNS) in Mumbai. Through this network, all police stations would be connected with each other and share information about crimes in their respective jurisdictions. It was launched through the operationalization of 34 cyber laboratories.

The CCTNS has been developed by Pune based Centre for Development of Advanced Computing (CDAC). Under it, the state government will raise a special cyber police force of around 1,000 policemen well trained to handle the growing incidents of cybercrimes.

40. Kerala Cabinet approves new debt relief scheme

The Kerala government approved a new debt relief scheme for low income and poor people. The scheme is expected to benefit more than 10,000 persons. It creates an additional burden of Rs 40 crore to the government. The principle amount, interest and penal interest on loans up to Rs 5 lakh would be waived.

The relief is for those who had taken loans from the State Housing Board, Scheduled Caste and Scheduled Tribe Backward Welfare Corporation, State Women's Development

Corporation, The Kerala State Handicapped Persons Welfare Corporation and Revenue Departments.

41. Andhra Pradesh police launches pilot project on DNA profiling

Andhra Pradesh Police launched DNA Index System (DIS). It is the first-of-its-kind initiative that allows generation of DNA profiles from live samples like buccal swabs, blood stains, saliva and other live samples in less than two hours.

The AP Police launched a pilot to generate DNA profiles of a batch of convicts and suspects involved in various crimes. The system uses the latest DNA technology tool called RapidHIT developed by IntegenX of USA.

42. Bihar becomes second state to pass GST bill

After Assam, Bihar becomes second state to pass Goods and Services Tax (GST) bill in its legislative assembly with 443 members voting in favor of the legislation. As per constitutional provision before enacting the law of GST, the bill has to be voted in favor and passed by at least 50 percent of the state assemblies.

Other states who will be conducting a special assembly session include Jharkhand, Madhya Pradesh and Chhattisgarh. The GST Bill is aimed at bringing uniform tax regime in the country by subsuming state levies.

43. Tamil Nadu Jayalalithaa announces hike in pension to freedom fighters

On the occasion of the 70th Independence Day, Tamil Nadu Chief Minister J Jayalalithaa announced Rs 1,000 increase in the freedom fighters pension from Rs 11,000 to Rs 12000 and family pension to the legal heirs from Rs 5,500 to Rs 6,000. The special pension given to the descendants of freedom fighters would be increased from Rs 5,000 to Rs 6,000.

The government took decision to ensure growth and development of sectors like priority sector, industrial sector and services sector.

44. Sailing campaign 'Jal Tarang' flagged off in Himachal Pradesh

In Himachal Pradesh, the sailing campaign "Jal Tarang" was flagged off by state assembly Speaker Brij Behari Lal Butail from Bilaspur. The event was organized by the state NCC Navel Unit. The sailing campaign aims to strengthen the national unity and integrity.

50 NCC cadets from Bilaspur and Mandi districts including 19 girls are taking part in the campaign - Jal Tarang. During the twelve days' campaign the cadets would cover nearly 415 kilometers distance in Beas River to reach different locations.

45. Puducherry observes "De Jure Transfer Day"

Puducherry observed De Jure Transfer Day on 16th August. It was on this day in 1962 French colonies of Puducherry, Karaikal, Yanam and Mahe were formally acceded to the Indian Union.

Lt. Governor Kiran Bedi unfurled the nation flag at the monument for freedom struggle at Keezhur opening the celebrations. It was in this village a referendum on whether to merge with India was held way back in 1954.

46. Odisha Govt to use Odia language as official language

The Odia language will be used as an official language in all transactions of the Odisha government from 16th August. The rules of the Odisha Official Language Act, 2016, have been approved and would be implemented from 16th August.

A committee has been formed to review the implementation of the Odia language for official purposes in every six months. A special division under the General Administration department will oversee implementation of the use of Odia language in official transactions.

47. Telangana government plans to create 17 new districts

The Telangana state government has issued draft notification on rearranging district borders to create 17 new districts by October 2016. Once completed, the number of districts in the State will go up to 27 from the present 10.

The 17 new districts will be called Acharya Jayashankar, Hanamkonda, Jagtial, Kamareddy, Komaram Bheem, Kothagudem, Mahabubabad, Malkajgiri, Nagarkurnool, Nirmal, Peddapally, Sangareddy, Shamshabad, Siddipet, Suryapet, Wanaparthy and Yadadri.

48. Maharashtra became first state to draft own law for internal security

Maharashtra became the first state in the country to draft its own law for internal security, The Maharashtra Protection of Internal Security Act (MPISA), 2016. It gives special emphasis on maintaining law and order and combating terrorism, insurgency, caste-related violence and communalism in the state.

The MPISA has proposed setting up of Special Security Zones (SSZ) where movement of arms, explosives and inflow of unaccounted funds will be prohibited. The Act also brings Critical Infrastructure Sectors (CIS) under its ambit.

49. Union Government, Maharashtra Government and AAI sign MoU on Regional Connectivity Scheme

The Ministry of Civil Aviation, State Government of Maharashtra and Airports Authority of India today signed a tri-partite Memorandum of Understanding (MOU), for successful launch of the Regional Connectivity Scheme. Maharashtra became the first state in the country to sign such an agreement.

The 10 airports that will be developed are- Kolhapur, Shirdi, Amravati, Gondia, Nashik, Jalgaon, Nanded, Solapur, Ratnagiri and Sindhudurg. The state will contribute 20 percent cost of Viability Gap Funding, whereas the centre will bear the remaining 80 percent cost. These airports will be provided with roads, rail, Metro and waterway connectivity.

50. Odisha cabinet approved Startup Policy 2016

Odisha Cabinet has approved the “Odisha Startup Policy 2016” to promote entrepreneurship for start-up ventures with provision of government incentives. The policy will chart out a roadmap to place Odisha among the top three investment destinations in the country by 2020.

The implementation of the policy would be monitored by a Startup Council headed by the Chief Secretary and a Review Committee headed by Principal Secretary MSME.

The state government has planned to set up 1000 start-ups in five years. The state government would come up with a startup capital infrastructure fund up to Rs 25 crore to support the startup units and young entrepreneurs.

51. Maharashtra plans to transform 1,000 villages with the help of corporates

Maharashtra State government plans to transform 1,000 villages with the help of corporate sector, and the civil society over the next few years. The corporate sectors' expertise would be used to set up an institutional mechanism to amalgamate work done by different companies in different areas to transform 1,000 villages in collaboration with the State government.

50% of the villages will be chosen by partnering agencies where some work is currently under way and the remaining would be those villages that score low on the Human Development Index.

52. CTTC-Bhubaneswar signs agreement with ISRO

Central Tool Room and Training Centre (CTTC), Bhubaneswar, has signed an agreement with Indian Space Research Organisation (ISRO) for technology transfer and a contract for supply of spacecraft component.

As a part of the agreement, ISRO would transfer three types of temperature-sensor technology to CTTC to further strengthen its manufacturing capability while CTTC would supply spacecraft component for next five years for a total value of Rs 23 crore.

53. Odisha attracts Rs 90,490 Cr investment at Bangalore investors' meet

Odisha has received investment of Rs. 90,490 crore with employment potential of more than 70,000 during the two-day Odisha Investors' Meet concluded in Bengaluru.

The JSW Steel topped the proposers' list expressing interest to invest 50,000 crore rupees to set up a steel plant in the State. The Odisha Government is organising the meet in an attempt to encourage investments in sectors like manufacturing, IT, electronics, petrochemicals, food processing and tourism.

54. Maharashtra CM unveils Mumbai-Nagpur Super Communication Expressway project

Maharashtra Chief Minister Devendra Fadnavis has unveiled the 46,000-crore rupee, ambitious Mumbai-Nagpur Super Communication Expressway project in Mumbai.

The project to be implemented by Maharashtra State Road Development Corporation will create state-of-the-art road connectivity within a period of three years and give a boost to investment. A key feature of the project is that it would be carried out in the Land Pooling model with farmers being made partners and some percentage of developed land given back to them.

55. West Bengal assembly passed resolution to rename the state

The West Bengal Legislative Assembly passed a resolution to change the name of the State. The name will be changed from West Bengal to 'Bangla' in Bengali, 'Bengal' in English and 'Bangal' in Hindi. It was passed by 189-31 votes.

The proposal to pass the resolution was approved by the special session of the West Bengal Assembly, which was convened on August 26 to discuss the renaming of the state.

56. Mehbooba Mufti launches Ujala Scheme in Jammu and Kashmir

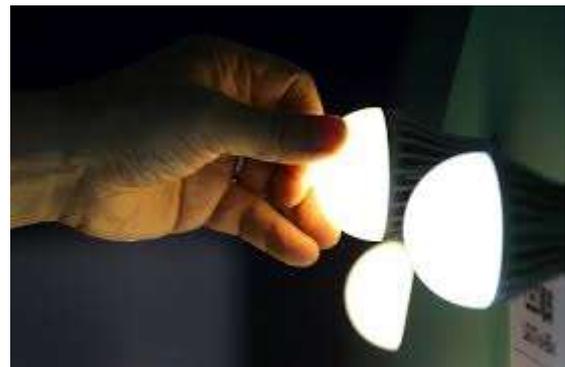

Chief Minister Mehbooba Mufti formally launched the Ujala Scheme in Jammu and Kashmir with the distribution of LED bulbs among consumers. The scheme will be implemented in the state by Jammu and Kashmir Power Development Department in collaboration with Energy Efficiency Services Limited (EESL).

The National LED programme was launched by the Prime Minister in January 2015 with a target of replacing 77 crore incandescent lamps with LED bulbs. Under this scheme consumer can buy five LED bulbs at the rate of Rs 20 each by showing monthly electricity bills or ID cards.

57. Gujarat becomes the first state to distribute 2 crore LED Bulbs under UJALA

Under the Government of India's **UnnatJyoti by Affordable LEDs for all (UJALA)** scheme, Gujarat has become the first state to distribute 2 crore LED bulbs. Gujarat has reached this milestone in just 96 days and over 42 lakh households have already benefitted from the scheme.

The distribution of 2 crore LED bulbs has led to an annual energy savings of 259 crore kWh which is equivalent to lighting up 5 lakh Indian homes for an entire year. Alongside the savings in units, the state has also benefitted from daily CO2 emission reduction of 5,000 tonnes.

REPORTS

1. India's ranking as business destination improves: Survey

India's ranking as a business destination has improved as per a recent survey of Transparency International. It now ranks 76th as compared to the 94th position it held earlier. As per a World Bank report on ease of doing business, India's position has improved to 130 this year from the 142nd position last year among the 189 countries surveyed.

Transparency International e.V. (TI) is an international non-governmental organization which is based in Berlin, Germany. Transparency International has the legal status of a German registered voluntary association (Eingetragener Verein) and serves as an umbrella organization.

2. Azim Premji and Shiv Nadar in Forbes list of 100 richest tech tycoons

Wipro chairman Azim Premji and HCL co-founder Shiv Nadar are the only two billionaires from India in Forbes' list of the world's 100 richest people in technology.

Mr. Premji ranks 13th on the list with a net worth of \$16 billion and Mr. Nadar comes in on the 17th spot with \$11.6 billion of net worth. The '100 Richest Tech Billionaires In The World 2016' list has been topped by Microsoft founder Bill Gates with an estimated fortune of \$78 billion.

3. Melbourne city ranked as the Most Livable City

The Global Livability Ranking, released by The Economist declared Australia's Melbourne city as the world's most livable city for the sixth consecutive year. This ranking scored 140 cities on health care, infrastructure, culture, environment and stability.

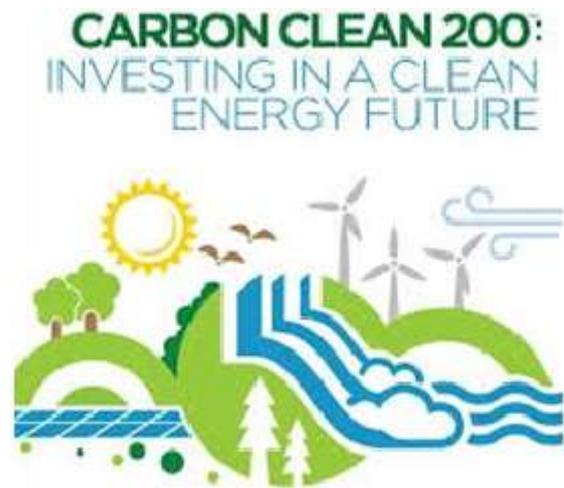

Adelaide and Perth ranked fifth and seventh respectively. Other top 10 cities include Vienna ranked No 2 and Vancouver, Toronto, Calgary, Auckland, Helsinki and Hamburg.

4. Seven Indian companies among top 200 carbon clean firms

Seven Indian companies have made it to a carbon-clean list of 200 largest companies worldwide ranked by their total clean-energy revenues. The list is topped by Japan's Toyota Motor followed by Germany's Siemens AG. The ranking has been done by **As You Sow and Corporate Knights**.

Among Indian companies are Suzlon Energy at 68 rank for its wind farms, Bharat Heavy Electricals Ltd at 106 for its wind electric generators and solar cells, and Tata Chemicals at 114 for chemicals for biodiesel, solar energy, and fuel cells. Thermax Ltd is at 139 and Exide Indus at 153 for electric storage batteries. Besides, IDFC Ltd is at 155 for its green infrastructure financing and Havells India at 166 for energy meters.

5. India jumps 15 places in Global Innovation Index

India jumped 15 places from last year 81 position and ranked 66th this year in a list of most innovative economies in the latest report of Global Innovation Index report released by UN World Intellectual Property Organization (WIPO). India was also ranked 2nd most innovative middle income economy in world.

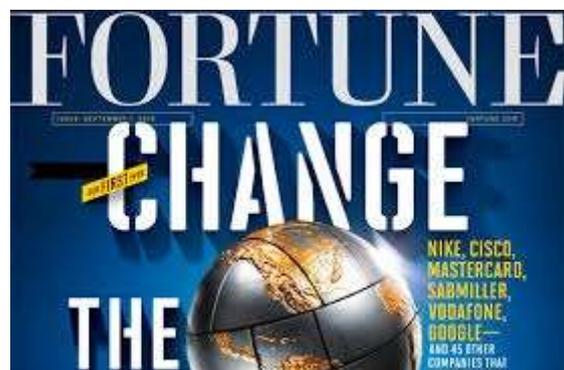

The report has ranked India among the top 50 economies overall in two pillars: Market sophistication, 33, and Knowledge and technology out-puts, 43.

6. Cipla, Godrej recognized in Fortune 'Change the World' list

India's pharmaceutical giant Cipla Ltd and consumer goods conglomerate Godrej have been ranked 46th and 48th respectively in a list of 50 global firms recognized by Fortune magazine.

The Fortune 2016 "Change the World list" recognizes companies that have had a positive social impact through activities that are part of their core business strategy. The list boasts powerful names like British pharma giant GlaxoSmithKline (1), Nestlé (5), Mastercard (7) and Walmart (15).

7. Forbes top 200 America's top wealth advisors list includes four Indian-origin persons

According to the list released by Forbes, of top 200 America's top wealth advisors who collectively manage USD 675 billion, four Indian-origin persons were included among the list. Raj Sharma and Ash Chopra, both working in Merrill Lynch were placed at 17th and 129th position respectively.

Sonny Kothari of Merrill Lynch Wealth Management was placed at 176th position and Raju Pathak of Morgan Stanley Wealth Management was placed at 184th position.

Advisors associated with big warehouses topped the list, including Morgan Stanley, Merrill Lynch and UBS Regarding services.

8. India ranks 39th in Asia Pacific on fixed broadband

In a recently released report, 'State of ICT in Asia and the Pacific 2016: Uncovering the Widening Broadband Divide', published by United Nations Economic and Social Commission for Asia and the Pacific (ESCAP), India ranks a low 39th in terms of fixed broadband adoption in the list of 53 Asia Pacific countries.

Hong Kong, New Zealand, Japan, Macao, Australia and Singapore topped the list. India ranks lower than countries such as Sri Lanka, Bhutan and Bangladesh. In India, just 1.35 of its citizens have subscribed to fixed broadband service in 2015.

9. India world's third biggest tech start-up hub

India is home to the third largest number of technology-driven start-ups in the world. USA and UK take the first and second position in the list with more than 47,000 and over 4,500 start-ups respectively. India's tech start-ups numbered around 4,200 up to 2015. The study was done by ASSOCHAM in association with Thought Arbitrage Research Institute.

Bengaluru is host to the largest share of technology start-ups in India, followed by Delhi NCR and Mumbai.

10. Singapore ranked 6th in Global Innovation Index

Singapore has been ranked the sixth place around the globe in the Global Innovation Index, 2016. It tops in the Asia Pacific region in the annual released index, one place up from the position last year. The country's improved ranking was driven not just by its performance but also adjustment to survey methodology, such as the addition of new indicators.

Switzerland, Sweden, United Kingdom, United States of America and Finland have been placed ahead of Singapore as the top 5 in the index, while Ireland, Denmark, Netherlands and Germany follow, including in the top 10 most-innovative economies.

11. Forbes released list of The World's Highest-Paid Actresses 2016

Forbes released the list of The World's Highest-Paid Actresses 2016. Hunger Games star Jennifer Lawrence, with earnings of 46 million US dollars, topped the list for the second consecutive year.

Melissa McCarthy with \$33 million ranked second in the list followed by Scarlett Johansson (25 million US dollars) and Jennifer Aniston (21 million US dollars) at third and fourth position respectively. Chinese actress Fan Bingbing (17 million US dollars) took the fifth spot in the list. India's Deepika Padukone, at number 10, is the only newcomer to the ranking.

12. India ranked at 7th among 10 wealthiest countries

As per the rankings in the "W10: The 10 wealthiest countries in the world" report released by the New World Wealth in August 2016, India is the seventh richest country in the world with a total individual wealth of 5600 billion US dollars. The ranking of India as one of the top 10 wealthiest countries in the world is largely because of its large population.

The United States topped the chart with total individual wealth held at 48900 billion US dollars. Others in the top 10 club include:

Rank	Country	Wealth
2	China	\$17,400 billion
3	Japan	\$15,100 billion
4	United Kingdom	\$9,200 billion
5	Germany	\$9,100 billion
6	France	\$6,600 billion
8	Canada	\$4,700 billion
9	Australia	\$4,500 billion
10	Italy	\$4,400 billion

13. Forbes releases Sixth Annual List of the World's Most Innovative Companies 2016

Five major Indian companies have been ranked among Forbes’s list of ‘The World’s Most Innovative Companies’. At number 18, Asian Paints is the highest-ranked Indian company in the list. Others include Hindustan Unilever (31), Tata Consultancy Services (66), Sun Pharma (73) and Larsen & Toubro (89).

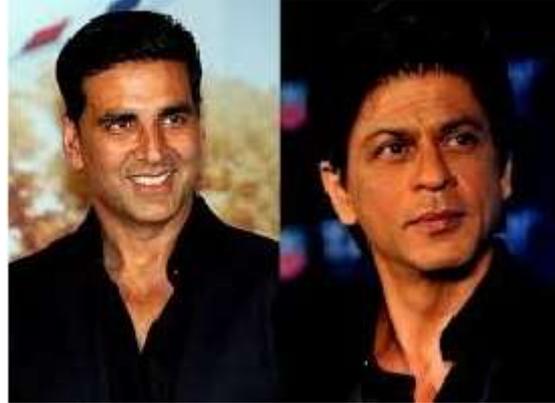

The 100 companies ranked on the list are based on their creative disruption, potential for innovation and investor interest. The companies also need to have seven years of financial data and \$10 billion in market capitalisation. Tesla Motors topped the list for the second consecutive year followed by Salesforce, Regeneron Pharmaceuticals, Incyte and Alexion Pharmaceuticals in the top five respectively.

14. Shahrukh, Akshay, Salman & Big B among top 20 highest-paid actors globally

The list of the world's top 20 highest-paid actors compiled by Forbes magazine included four Bollywood actors. Shah Rukh Khan, with \$33 million in earnings, stood at the 8th position, Akshay Kumar was at number 10 with \$31.5 million, Salman Khan was 14th with \$28.5 million earnings and Amitabh Bachchan stood at 18th with \$20 million.

Dwayne Johnson, with an income of \$64.5 million topped the list. Robert Downey Jr., Jackie Chan, Matt Damon, Tom Cruise and Johnny Depp were the others in the top 5 respectively.

15. India ranked 77th in the World Risk Report 2016

United Nations University Institute for Environment and Human Security (UNU-EHS) and Bundnis Entwicklung Hilft in cooperation with the University of Stuttgart in Germany released the World Risk Report 2016. The report ranks 171 countries according to their risk of becoming a victim of a disaster as a result of natural hazards such as floods, cyclones, or earthquakes.

India is ranked 77th on the World Risk Index - marginally better positioned than Pakistan which is placed at 72. Bangladesh is among the top five countries in the report. The island state of Vanuatu was ranked number one.

16. World population to reach 9.9 billion in 2050: PRB report

The world population will reach 9.9 billion in 2050, increasing by 33% from an estimated 7.4 billion now, according to a report published by Population Reference Bureau (PRB). The world population would hit 10 billion in 2053.

According to PRB's projections, the combined population of the world's least developed countries will double by 2050 to 1.9 billion. The population in 29 countries will more than double, while 42 countries will register

declines. According to the estimates of current population, over 25% of the world's population is under 15 years of age.

17. Crime against SC, ST & Women declined in 2015

The report - **Crime in India, 2015** revealed that crime against Scheduled Tribes, Scheduled Castes and Women have declined in 2015 as compared to 2014. 10914 incidents of crime were reported against STs as against 11451 cases in 2014, registering a decline of 4.7%.

Nearly 45 thousand crime related incidents were reported against SCs in 2015 as compared to over 47 thousand cases in 2014, registering a decline of 4.4%. It said, over 3.27 lakh cases have been recorded against women in 2015 as against over 3.37 lakh cases in 2014 which reflects a decline of 3.1%.

RESIGNATIONS & RETIREMENTS

1. Gujarat CM Anandiben Patel submitted her resignation

Gujarat Chief Minister Anandiben Patel submitted her resignation letter to Governor OP Kohli. Patel announced her decision to step down from the post to make way for the younger generation in the party. She was the first woman chief minister of Gujarat.

Ms. Patel's decision came in the backdrop of Patidar agitation by the Patel community for reservation and recent protests in the state by dalits after Una incident. The BJP Parliamentary Board has authorized Amit Shah to pick Anandiben's successor after accepting her offer to resign.

2. AIADMK expels Rajya Sabha MP Sasikala Pushpa for violating party discipline

The AIADMK Chief Ms. Jayalalithaa has expelled Ms. Sasikala Pushpa, Member of Parliament in Rajya Sabha for violating party discipline. She was removed from the primary membership for bringing bad name to her party. She had allegedly got into a tussle with the longtime DMK MP Tiruchi Siva at the Delhi Airport.

Sasikala Pushpa pleaded in the Rajya Sabha that she was slapped by "a leader" and she needed protection as her life was under threat.

3. Vinod Rai resigns from IDFC Bank's board

Former Comptroller and Auditor General (CAG) of India Vinod Rai resigned from the board to avoid any disputes arising due to his selection as the chairman of Bank Board Bureau. However, Mr. Rai continues to be the non-executive independent chairman of IDFC Ltd.

Since October 2015, Mr. Rai was a member of IDFC Bank board whereas the government appointed him as the chairman of Bank Board Bureau on February 28, 2016.

4. Google Ventures CEO Bill Maris resigned

Bill Maris, the chief executive and founder of Alphabet Inc's venture capital arm Google Ventures (or GV), has resigned. He will be replaced by David Krane, a managing partner for the venture arm and one of the earliest corporate communications managers at Google.

GV, previously known as Google Ventures, was founded in 2009 and has invested in more than 300 companies including Uber Technologies Inc [UBER.UL] and online retailer Jet.com.

5. Lionel Messi calls back his retirement announcement

Lionel Messi has reversed his decision to retire from international football. He has been named in Argentina's World Cup qualifiers to be held in the first week of September. The 29-year old had quit after Argentina's Copa America final defeat to Chile in June 2016 where he missed a penalty.

Messi said he made the U-turn for the "love of the country" and "to help from within". He has been awarded the Ballon d'Or for the world's best player five times.

6. Nimesh Kampani steps down from the post of Managing Director of JM Financial Ltd

On attaining 70 years of age and as a part of succession planning at the company, Nimesh Kampani resigned from the post of Managing Director of JM Financial Ltd with effect from 30 September 2016 but will continue to be the Non-Executive Chairman of the group and a director on the board of a few group companies at JM Financial.

Nimesh Kampani's son Vishal Kampani will take position of Managing Director of JM Financial with effect from 1 October 2016.

7. Catholic Syrian Bank MD quits

Managing Director and Chief Executive of Catholic Syrian Bank, Anand Krishnamurthy, submitted his resignation because of his personal priorities. He had taken over the post a year before.

The bank is one of India's oldest private sector banks, with headquarters in the Thrissur district of Kerala. The bank reported a loss of Rs 149.72 crore in 2015-16. Gross non-performing assets was 5.62% and net NPAs was 4.40% of total loans in 2015-16.

8. Sri Lankan cricketer Tillakaratne Dilshan announced retirement

Star Sri Lanka batsman Tillakaratne Dilshan announced his retirement from one-day international cricket. He will retire from T20 internationals after a match on September 9.

He has already retired from Test cricket in 2013. Dilshan made his one-day debut against Zimbabwe in 1999. He is only the fourth Sri Lanka batsman and 11th batsman overall to pass the 10000-run mark in ODIs. He pioneered the famous "Dilscoop" flick over the wicketkeeper's head.

9. Wipro's chief learning officer Abhijit Bhaduri resigned

Abhijit Bhaduri, Chief Learning Officer of Wipro resigned to start his own executive coaching company. He had led Wipro's Global 100 programme to identify and groom the net generation of leaders. Abhijit will continue with Wipro in an advisory role.

Bhaduri joined Wipro in 2009. He worked with Microsoft as HR Director. Prior to that, he worked with multinationals such as Pepsico, Colgate and advertising agency Mudra Communication. Bhaduri is also author of a book series called 'MBA' that stands for "Mediocre But Arrogant" and "Married But Available".

1. Yahoo researchers built a powerful new online abuse detector

A research team at Yahoo Labs have been able to develop an algorithm that is being considered as one of the best automated abuse filter built to date.

Most automated filters work by detecting certain keywords, phrases, and commonly-used expressions but the Yahoo team used a technique called "word embedding," which processes words as vectors rather than either simply positive or negative which can recognize an offensive string of words, even if the individual words are inoffensive on their own.

2. CSIR-CFTRI develops Nutrice Cream

The Council of Scientific and Industrial Research (CSIR) constituent Laboratory, CSIR-Central Food Technological Research Institute (CSIR-CFTRI) Mysuru, in association with M/s Oleome Biosolutions, Bengaluru and M/s Dairy Classic Ice Creams Pvt. Ltd., has developed 'Nutrice'.

Nutrice cream is an Omega-3 and Vitamin-E enriched frozen nutritional dessert from vegetarian source. Dietary supplementation of Omega-3 (ω -3) fats, which are the Poly Unsaturated Fatty Acids (PUFA), have been reported to have beneficial health functions including brain development in children and good health in elderly population.

3. China launches first mobile telecommunications satellite

China has launched its first mobile telecommunications satellite. The Tiantong-01 satellite will establish a mobile network serving China, the Middle East, Africa and other areas. The ground service will be operated by China Telecom.

It is the first satellite of China's home-made satellite mobile telecom system, and a key part of the country's space information infrastructure. Tiantong-01 was designed by China Academy of Space Technology.

4. China launched a satellite to get accurate images of earth

China launched a new high-resolution Synthetic Aperture Radar (SAR) imaging satellite, called Gaofen-3, from the Taiyuan Satellite Launch Center in northern Shanxi Province. The launch vehicle for Gaofen-3 was a Long March 4C rocket.

The SAR satellite can capture images that are accurate down to one meter (about three feet) in distance and will operate as an all-weather 24-hour observation platform. It will be used for disaster warning, weather forecasting, water resource assessments, and the protection of maritime rights.

5. Fifth Generation signs pact with Anna University

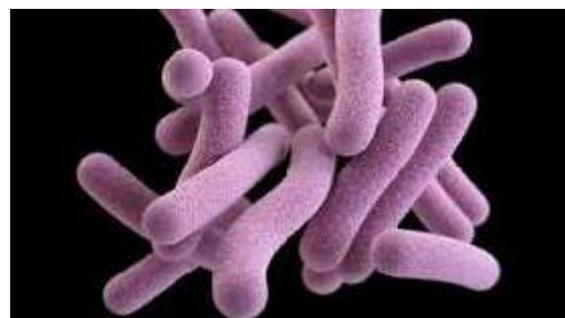

Anna University, Chennai has entered into an agreement with Fifth Generation Technologies, a multi-national research and innovation company with specialization in building “real time intelligence” solutions and products to the manufacturing industry.

As part of the agreement, Fifth Generation will conduct research to arrive at a useful prediction of the remaining life of critical equipment that are working in high temperature thermal cycles. The research will be conducted at Centre for Technology Development and Transfer (CTDT), set up by Anna University.

6. Novel drug compound inhibiting skin cancer discovered: NCCS Study

A team of scientists at the Pune-based National Centre for Cell Science (NCCS) have been successful in isolating cancer stem cells that cause skin cancer. The study results were published in the Journal of Investigative Dermatology.

They have also been able to demonstrate that a compound (Andrographolide) isolated and purified from a herb (Andrographis paniculata) that is found in India to be effective in inhibiting tumor growth — both skin cancer and lung metastasis — in mice.

7. BARC develops portable kit for detection of Chromium contamination of water

BARC has developed a simple, user friendly, quick and cost effective kit for onsite determination of Hexavalent Chromium Cr (VI), which meets IS10500 as well as EPA criterion. It provides the much needed solution to measure the level of Chromium contamination in drinking water. The procedure involves adding a specified amount of specific reagents to the water sample and identifying the developed color.

The color develops within 5 minutes and the distinction can be made with naked eye. For ease of comparison a color chart is provided with the kit. Water samples can be immediately categorized as being safe or toxic for drinking from Chromium(VI) point of view.

8. Intel unveils 'merged reality' with Project Alloy device

Tech giant Intel has unveiled Project Alloy, a device that creates merged reality. Project Alloy is a headset that uses the RealSense technology enabling people to use their hands to interact with elements of the virtual world. There is no need for cables to connect to the computer.

Merged reality is a new way of experiencing virtual reality and real world together, using cutting-edge technology. One example of merged reality is playing two musical instruments at the same time. It means that person can play a virtual piano with one hand and a cello with the other.

9. Chinese scientists discover molecule to repair organs

A team of scientists from China have discovered a small molecule named XMU-MP-1 that can regenerate tissue. The discovery could potentially make organ transplant much easier in future. The findings were published in Science Translational Medicine.

The drug, XMU-MP-1 can promote repair and regeneration in the liver, intestines and skin. The research was led by professor Zhou Dawang and Deng Xianming of the School of Life Sciences, Xiamen University, and professor Yun Caihong of Peking University.

10. Scientists develop laser from fluorescent jellyfish proteins

Scientists have, for the first time, developed laser from fluorescent jellyfish proteins that were grown in bacteria. The research was published in the journal Science Advances.

These lasers have the potential to be far more efficient and compact than conventional ones and could open up research avenues in quantum physics and optical computing. By repurposing the fluorescent proteins that have revolutionized biomedical imaging, and by allowing scientists to monitor processes inside cells, the team created a polariton laser that operates at room temperature powered by nanosecond pulses - just billionths of a second.

11. China successfully launches world's first quantum satellite

China successfully launched the world's first quantum satellite which boasts of establishing hack-proof communications between space and the ground. It is equipped with security features to prevent wiretapping and intercepts.

The satellite nicknamed "Micius" was launched from the Jiuquan Satellite Launch Centre. Quantum communication boasts of ultra-high security as a quantum photon can neither be separated nor duplicated. It is hence impossible to wiretap, intercept or crack the information transmitted through it.

12. NASA shortlists 6 companies to develop prototypes and concepts for Deep Space Habitats

The National Aeronautics and Space Administration (NASA) selected six U.S. companies Bigelow Aerospace, Boeing of Pasadena, Lockheed Martin, Orbital ATK, Sierra Nevada Corporation and NanoRacks of Webster, to develop ground prototypes and safe habitation system. Habitation systems provide a safe place for humans to live as we move beyond Earth on our Journey to Mars.

Through the public-private partnerships enabled by the Next Space Technologies for Exploration Partnerships-2 (NextSTEP-2)

Broad Agency Announcement, Appendix A, NASA and industry partners will expand commercial development of space in low-Earth orbit.

13. China launches first Tibetan-language search engine

China has launched its first Tibetan-language search engine, "Yongzin" which means "master" or "teacher" in the Tibetan language. It will serve as a unified portal for all the Tibetan-language websites in China.

The search engine has eight sections for news, websites, images, videos, music, encyclopedia, literature and forums. The project cost was 57 million yuan (about USD 8.7 million). The work began on the project in April 2013.

14. Scientists discovered Earth-sized planet orbiting star nearest to Sun

Scientists have discovered an Earth-sized planet orbiting the star nearest to the Sun. A team of European scientists wrote in the journal Nature that the planet, known as Proxima B, is located just four light-years away from the Earth.

The discovery is potentially a major step in the quest to find out if life exists elsewhere in the universe. Proxima B could be within the habitable zone, where it is neither too hot nor too cold to support life and where temperatures could allow the presence of liquid water.

15. ISRO successfully test-fired Scramjet Rocket Engine from Sriharikota

The Indian Space Research Organization ISRO successfully test launched the Supersonic Combustion Ramjet engine, called Scramjet. The first ever experimental mission using the engine on-board the sounding rocket ATV02 has met all the specified goals.

These newly developed engines will use oxygen from the atmosphere and there-by reduce the cost significantly. The rocket carrying Scramjet engines weighed 3277 kg at lift-off. India has joined the select league of four space faring nations that have demonstrated flight testing of Scramjet engines.

SPORTS

1. India to host Kabaddi World Cup in October

India will host the Kabaddi World Cup this year, featuring 12 countries, in October. USA, Canada, UK, Australia, Iran, Poland, Pakistan, Bangladesh, Korea, Japan and Kenya will be playing in the event.

The schedule will be declared later. Star Sports will be the official broadcaster of the 2016 Kabaddi World Cup.

Kabaddi became a part of Asian Games in the year 1990 and India have won all the gold medals since.

2. Lewis Hamilton emerged victorious in 2016 German Grand Prix of F1

Lewis Hamilton won the 2016 German Grand Prix held in Hockenheimring to move into a 19-point lead in the championship over Mercedes team-mate Nico Rosberg. It was Hamilton's sixth victory in the last seven races and fourth in succession.

Red Bull's Daniel Ricciardo stood second while his team-mate Max Verstappen finished third. Nico Rosberg came fourth in the race. Rankings after 2016 German Grand Prix:

Rankings	Driver	Team	Country
1	Lewis Hamilton	Mercedes	United Kingdom
2	Nico Rosberg	Mercedes	Germany
3	Daniel Ricciardo	Red Bull	Australia
4	Kimi Raikkonen	Ferrari	Finland
5	Sebastian Vettel	Ferrari	Germany

3. Patna Pirates crowned Season 4 Champions of Star Sports Pro Kabaddi

Reigning champions Patna Pirates beat Jaipur Pink Panthers in the final of season 4 of the Pro Kabaddi League. The final match was played at Gachibowli Stadium, Hyderabad (Telangana). With this the Patna Pirates made history as they became the only team to lift the trophy twice in the tournament's history. The Puneri Paltan was placed at the third place in this edition after they defeated Telugu Titans.

Storm Queens have won inaugural edition of the Women's Challenge of Pro Kabaddi League after they defeated Fire Birds in the final match.

4. Novak Djokovic won ATP Toronto Masters

Novak Djokovic won the ATP Toronto Masters. The World No. 1 became the first player to clinch 30 ATP World Tour Masters 1000 titles, after he defeated third seed Kei Nishikori 6-3, 7-5 at the Rogers Cup final in Toronto. It was his 66th career title and his fourth Canadian title.

Djokovic also won the hard-court event that rotates between Toronto and Montreal in 2007, 2011 and 2012. Ivan Lendl holds the tournament record with six titles.

5. Simona Halep won Rogers Cup women's single

Fifth seed Simona Halep of Romania beat out Madison Keys of USA with a 7-6, 6-3 victory to win the final match of Montreal's annual Rogers Cup tennis tournament. Halep claimed her 14th WTA title and her third title of the year. She was the finalist of the tournament last year.

Halep walked away with the \$2.4 million grand prize and jumped to third in WTA rankings. Keys took home \$241,840 and climbed to ninth in the world, equaling her career-best ranking.

6. International Olympic Committee approves entry of five new sports in Olympic Games Tokyo 2020

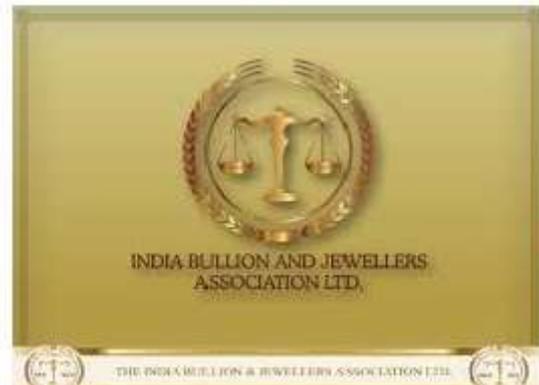

The Organizing Committee for the Tokyo 2020 Games proposed to introduce five new sports in response to the new flexibility provided by Olympic Agenda 2020. The International Olympic Committee (IOC) has agreed to introduce Baseball-Softball, Karate, Skateboard, Climbing Sports and surfing in the 2020 Tokyo Olympics.

The inclusion of the new sports will add 18 events and 474 athletes, with equal numbers of women and men for all sports except baseball/softball, which will have the same number of teams but different player totals.

7. India Bullion and Jewelers Association declared awards for Rio 2016 Olympics Indian medal winners

India Bullion and Jewelers Association announced 500 gms Sovereign Gold Bonds for gold medal winners and 1 kg silver as award for silver medal winners of Rio 2016 Olympics medal winners. The move is taken by the association to motivate players.

India Bullion and Jewelers Association Ltd. (IBJA) is the oldest body formed by Reserve bank of India (RBI), to look after the Bullion and Jewelers Industry. Being the apex body of the industry, IBJA as an association is also involved into various activities for the welfare of the country as well as to encourage the country's culture by well-timed appreciations.

8. 2016 Rio Olympics opens with grand ceremony

The 31st Olympic Games was officially launched after a stunning opening ceremony at the Maracana stadium on 5th August, 2016. All 207 countries plus the refugee team walked at the Parade of Nations.

The parade of nations was led by Greece as part of the tradition followed by other countries in alphabetical order in the Portuguese language. The refugee team was the second last to come and the last were host Brazil. The game was thrown open by Brazil acting president Michel Temer. The ceremony also showcased the powerful message of global warming.

9. European Road Cycling Championships to be moved from France due to security reasons

The French city of Nice will not host the European Road Cycling Championships, planned for 14th to 18th September, for security reasons. It is the latest event in France to be called off after July's lorry attack in Nice in which 85 people died.

The organizers, Union Européenne de Cyclisme (UEC), confirmed that the European Road Cycling Championships would now be hosted in the northern French region of Brittany.

10. Justice Katju panel terms Lodha Committee recommendation on BCCI reforms as unconstitutional and illegal

The Board of Control for Cricket in India (BCCI) appointed former Supreme Court judge Markandey Katju as the head of a four-member legal panel to help the Board understand the implications of the Justice Lodha committee reforms. Another legal luminary in the panel is Abhinav Mukherjee.

The panel submitted its interim report to BCCI on 7 August 2016. It has recommended the Supreme Court verdict on BCCI reforms recommended by Lodha Committee as unconstitutional and illegal.

11. Dipa Karmakar becomes first Indian to qualify for Vault Finals in Olympics

Indian gymnast Dipa Karmakar recorded herself into history as she became the first Indian to make the cut for the individual vault finals in Olympics. She finished 8th in the qualifying round in her debut Olympic Games and the top-8 made the cut for the medal round.

The Tripura-girl, who is the country's first woman gymnast to qualify for the Olympics, performed her trademark 'Prodnova vault' to secure 14.850 points after two attempts.

12. Swimmer Katie Ledecky sets world record to win gold in 400m freestyle

American swimmer Katie Ledecky set a new world record to fetch gold in the women's 400 metres freestyle at the Rio Olympics.

During the process, Ledecky broke her previous record she set in 2014 by almost two seconds. She is a two-time Olympic gold medalist and nine-time world champion. She is also the current world-record holder in the 400-meter, 800-meter and 1500-meter freestyle (long course). In 2016, she was the **youngest person on Time magazine's Time 100 list.**

13. Australia wins gold in first-ever Olympic Women's Rugby Sevens Championship

Australia's women beat New Zealand 24-17 to win the first ever Olympic rugby sevens gold medal. Canada won the bronze medal a 33-10 win over Britain.

Rugby is back in the Olympics for the first time since 1924, but in the condensed sevens format and with men's and women's competitions. Rugby was last included at the Olympics in Paris in 1924 when the United States beat hosts France in the final of a men's 15-aside tournament.

14. Abhijeet Gupta won Commonwealth Chess championship

Grandmaster and former world junior champion Abhijeet Gupta retained the Commonwealth Chess Championship crown in Colombo, Sri Lanka. He had earlier won the championship in 2015.

International Master Tania Sachdev also finished with a gold medal. Grandmasters SL Narayanan and Deep Chakkravarthy got the silver and bronze medals in the open section. Similarly, Meenal Gupta, has won an individual gold medal for India in U-14 girls' category.

15. Judoka Silva wins first gold for host country Brazil at Rio Olympics

Host country Brazil won their first Gold of the Olympic Games when Judoka Rafaela Silva won the women's -57kg judo gold. Silva's win was extra special as she grew up in host city Rio de Janeiro and blossomed to become an Olympic champion despite the tough conditions of her native City of God favela.

Japan's Shohei Ono won the first Gold in 73kg category. Shohei ended an anxious wait for a Japanese men's team that had not claimed Olympic gold since 2008 in Beijing.

16. Andy Murray defeated Juan Martin to win Rio Olympic men's singles tennis category

Andy Murray defeated Juan Martin Del Potro to win gold medal in Rio Olympic men's singles tennis category in a match that lasted 4hr 2min. He won 7-5, 4-6, 6-2, 7-5.

With this historic win, Andy became first player to win back to back men's singles tennis gold medals in Olympics, four years after London 2012 success. It was Andy Murray's 18th win after he claimed his second Wimbledon title.

17. Elia Viviani claims gold in Men's Omnium cycling track at Rio Olympics

Elia Viviani grabbed gold in the men's omnium cycling track at the Rio Olympics followed by Great Britain's Mark Cavendish with silver medal and Lasse Norman Hansen of Denmark with bronze.

After five races, Italy's Elia Viviani went into the final event with the omnium lead. Viviani missed out on a medal in London 2012. Mark Cavendish has won 30 stages of the Tour de France and a gold medal at the Commonwealth Games. It was his first Olympic medal though.

18. Jamaica's Usain Bolt wins 100 meters Final, retains title of "Fastest Man Alive"

Jamaica's speedster Usain Bolt has retained his coveted title "Fastest man alive on the planet". Bolt won the 100m Final of Rio Olympics, to have the third Olympic Gold medal in the event, an unprecedented feat. In his Final appearance in an Olympic, the reigning World Champion sprinted to glory as he recorded his season best time of 9.81 seconds.

His long-time rival American Sprinter Justin Gatlin settled for Silver with a time of 9.89 seconds, and Canada's Andre De Grasse finishing third with 9.91 seconds to his name. Usain Bolt has all the sprinting world record to his name including the 100m, 200m and 4x100m. With 2 Gold medal in each event he is trying to achieve 'Triple Treble'.

19. Michael Phelps becomes first swimmer to win four consecutive golds in a row

Michael Phelps became the first swimmer ever to win four consecutive golds in the same event by winning his fourth consecutive 200m individual medley Olympic title.

He has now won two individual and two relay golds at his fifth Olympics, two years after coming out of retirement. Thirteen out of 22 of his golds have come in individual races, the rest in relays. It also marks the first time a swimmer earned at least three gold medals in four different Olympic Games.

20. Ma Long wins table tennis gold for Grand Slam in Rio Olympics 2016

World number one Ma Long of China beat compatriot Zhang Jike 4-0 to win the men's singles and claim a table tennis Grand Slam. He became only the 5th man to have won singles titles at the World Championships, World Cup and Olympics. Zhang is already a Grand Slam winner four years ago.

Jun Mizutani of Japan beat Belarusian Vladimir Samsonov 4-1 in the bronze medal match.

21. USA wins 1,000th Olympic gold medal: Rio Olympics

The United States won its 1,000th Olympic gold medal after the American women's 4x100 meter medley relay team of Kathleen Baker, Lilly King, Dana Vollmer and Simone Manuel clinched victory at the Rio Games.

The U.S. team had arrived in Rio with 977 gold medals. More than half of those medals have come from track and field (323) and swimming (246). Triple jumper James Connolly took the first gold medal for USA in 1896.

22. Almaz Ayana of Ethiopia breaks World Record in women's 10,000m race event

Almaz Ayana of Ethiopia has set a World Record in the women's 10,000-meter race event after she finished her race in 29 minutes and 17.45 seconds. She shattered a 23-year-old record by more than 14 seconds set by China's Wang Junxia in 1993. She became the first woman to break a 10,000-metre world record at an Olympic Games.

Kenyan world champion, Vivian Cheruiyot, took silver in 29:32.53, while the defending champion, Tirunesh Dibaba of Ethiopia, was third in a personal best of 29:42.56.

23. Dipika Pallikal wins 11th PSA title at the Australian Open

World No. 19, Dipika Pallikal, won her 11th PSA title at the Australian Open in Melbourne. Deepika won against Egyptian teenager Mayar Hany. Pallikal's previous title came in February 2015 when she won the Winnipeg Winter Open in Canada. She also has won Macau Squash Open (2013), Meadowood Pharmacy Open (2013), Crocodile Challenge Cup (2011), Dread Sports Series (2011) and Orange County Open (2011).

Qatar's Abdulla Mohd Al Tamimi won the men's singles final against New Zealand's Campbell Grayson. It was his third PSA World Tour title.

24. Brazil beat Germany to win men's football gold in Rio Olympics

Hosts Brazil beat Germany 5-4 on penalties in Rio to win their first men's Olympic football gold medal. Brazil finally won the Olympic title after losing in the finals in 1984, 1988 and 2012. Neymar scored the winning penalty for Brazil. In the shootout, Germany's Nils Petersen had his penalty saved by Weverton before Neymar won it.

Nigeria won their first medal of the 2016 Olympics as they beat Honduras 3-2 in the bronze-medal match.

25. Simone Biles wins gold in Floor Exercise event at Rio Olympics

American gymnast, Simone Biles, won her fourth gold medal after she won the floor exercise at Rio Olympic Arena. American Alexandra Raisman won silver with 15.500 Great Britain's Amy Tinkler won bronze with a score of 14.933 in the event.

Biles joins Ecaterina Szabo (1984), Vera Caslavka (1968) and Larisa Latynina (1956) as the only gymnasts to win four gold medals in one Games. The four golds for Biles came in the team event, the all-around final, the vault and the floor exercise.

26. Purav Raja and Divij Sharan win Los Cabos Open Men's Doubles title

Men's doubles pair of Divij Sharan and Purav Raja captured their second career ATP title at the Abierto Mexicano Mifel in Los Cabos, Mexico after they defeated Israeli-British pair of Jonathan Erlich and Ken Skupski 7-6(4), 7-6(3) in the final. They earn 250 Emirates ATP Doubles Rankings points and split 38940 US dollar in prize money.

Their first ATP title came at Bogota in 2013. The Los Cabos Open is a professional men's tennis tournament played on outdoor hard courts.

27. Wrestler Sakshi Malik wins bronze for India in Rio 2016

Indian women wrestler Sakshi Malik created history after she won the bronze medal in wrestling at the Olympic Games in Rio. Her win against Kyrgyzstan's Aisuluu Tynybekova in the 58-kilogram freestyle, gave India the first medal of the competition.

The 23-year-old became the 4th Indian woman to have ever won an Olympic medal. Weightlifter Karnam Malleshwari (2000, Sydney), boxer MC Mary Kom (2012, London) and shuttler Saina Nehwal (2012, London) are the only other women players from India to have won a medal in the Olympics.

28. Narsingh Yadav banned for four years

Court of Arbitration for Sport (CAS) situated in Lausanne, Switzerland, has handed Indian wrestler Narsingh Yadav a four-year doping ban and denied him permission to take part in the Rio Olympics. CAS was hearing into the World Anti-Doping Agency, WADA's appeal against the clean chit given to Narsingh by the National Anti-Doping Agency NADA, in a dope scandal.

Narsingh tested positive for a banned steroid, methandienone, which is a banned anabolic steroid, following a dope test on 25 June by NADA, but it cleared him of all the doping charges on 1 August.

29. Usain Bolt wins 9th Olympic gold as Jamaica storm to 4x100m relay

Usain Bolt along with Asafa Powell, Yohan Blake and Nickel Ashmeade won gold in 4x100m relay final at the Rio Olympics. Bolt had won the 100m and 200m in Rio and is the only man to win all three sprint events at three Games. He is the reigning World and Olympic champion in these three events.

Jamaica won in a time of 37.27 seconds, with Japan in second and Canada third after the United States was disqualified.

30. P V Sindhu wins silver in women's singles badminton event at Rio Olympics

Pusarla Venkata Sindhu became the first Indian woman to win a silver medal in the Olympics. She lost to Spain's Carolina Marin at the badminton final.

She became the first Indian woman to have won a silver medal in Olympics. She also became the fourth Indian to win a silver at the Olympics after shooters Rajyavardhan Singh Rathore (2004, Athens) and Vijay Kumar (2012, London) and wrestler Sushil Kumar (2012, London).

31. China's Chen Long wins gold in men's singles badminton in Rio Olympics

Chen Long of China defeated world No. 1 badminton player, Lee Chong Wei of Malaysia 21-18, 21-18 to claim gold in the men's singles competition at the Rio Olympics in Rio de Janeiro. Viktor Axelsen of Denmark beat China's Lin Dan for bronze.

Lee had to settle for a third straight Olympic silver medal. He won the semi-final against Lin Dan, the man who beat him in the last two Olympic finals.

32. Germany wins gold in women's football event at Rio Olympics

Germany beat Sweden 2-1 to win their first Olympic gold medal in women's football. Germany is now one of only three women's teams to win both the Olympics and World Cup.

The women's football event has been held at only six Olympics, and this was Germany's fourth medal after they won bronze in 2000, 2004 and 2008. Canada secured women's bronze by beating Brazil 2-1 in Sao Paulo. Germany is the only nation to have won both the men's and women's tournament.

33. Rio Olympics 2016 concluded, over to Tokyo 2020

The Rio 2016 Olympics closed on 21st August after a very colourful closing ceremony at the Maracana Stadium, Rio de Janeiro, Brazil. President of the IOC, Thomas Bach, declared the 31st Olympiad closed.

The games featured 28 Olympic sports. USA topped the table with 121 medals overall followed by Great Britain and China. The 2020 Summer Olympics will be held in Tokyo, Japan from 24 July 2020 to 9 August 2020.

34. Sania Mirza retains No 1 spot in women's doubles

Sania Mirza teamed up with Barbora Strycova from the Czech Republic to defeat Martina Hingis and her partner Coco Vandeweghe of United States of America by 7-5, 6-4 in the Cincinnati Masters finals. This was the first win for Indo-Czech pair.

The win ensured Sania retained her number one status on the women's doubles ranking as Hingis slipped to 2nd spot. Sania Mirza and Martina Hingis parted ways after Rogers Cup.
