HTML <MARQUEE> TAG

Description

The HTML <marquee> tag is used for scrolling piece of text or image displayed either horizontally across or vertically down your web site page depending on the settings.

Example

```html
<!DOCTYPE html>
<html>
<head>
<title>HTML marquee Tag</title>
</head>
<body>
<marquee>This is basic example of marquee</marquee>
<marquee direction="up">The direction of text will be from bottom to top.</marquee>
</body>
</html>
```

This will produce following result:

This is basic example of marquee

The direction of text will be from bottom to top.

Global Attributes

This tag supports all the global attributes described in - [HTML Attribute Reference](http://www.tutorialspoint.com/html/html_attribute_reference.htm)
