Copyright © tutorialspoint.com

Problem Description:

How to get a directory is hidden or not?

Solution:

Following example demonstrates how to get the fact that a file is hidden or not by using `file.isHidden` method of `File` class.

```
import java.io.File;

public class Main {
    public static void main(String[] args) {
        File file = new File("C:/Demo.txt");
        System.out.println(file.isHidden());
    }
}
```

Result:

The above code sample will produce the following result *asDemo.txtishidden*.

```
True
```
